Simona Hill the compiler of this volume, is a highly creative editor of illustrated lifestyle and craft books. For this book, she has brought together a carefully selected team of leading contemporary artists and craftpeople, who have designed the specially commissioned projects in the book.

beautiful book tons of pics and projects to do - great starter book for someone like me

Great book for the beginner. Very concise explanation of the different tile crafting processes. If you have been saving broken pieces of glassware in hopes that you will one day be creative and make a mosaic out of them, this is the book that will make it seem so easy to do. This seller sent me a book that was in better condition than I expected and sent it very quickly. This whole buying experience was 5 star.

Love this book very useful

I like this book because it provides descriptions of different mosaic techniques and ideas that go beyond what is offered in other mosaic books.

I have not had much experience with mosaic art, but love it! This is a very helpful book for any experience level you are on.

One of the ever seen books!

Great little book as advertised.

Full of inspiration to get out there and play. Great for gift ideas and home projects, pretty designs and good illustrations. I recommend this and am getting an extra copy for my best friend!
