Taming Tessa (Montana Maiden Series Book 2)

Synopsis

Tessa Bowers grew up in Liberty, Montana but never knew of the well hidden and very strict rules for married women. If she had, she might not have flirted and set her sights on the wealthy rancher, Cole Bridger. Cole wasn't a man controlled by anyone, let alone the little spitfire trying to lure him to the altar. He decided who he married. He decided when. So when Tessa shows up for church one Sunday, she enters as Miss Bowers and leaves as Mrs. Bridger. Right from the start, Cole dictates his expectations of Tessa, who quickly realizes married life is not as she imagined. Willful and disobedient, she fights against the humiliating and shameful things he demands. With the help of the town doctor, Cole begins to train Tessa to be the proper wife. It is a difficult task, but he's waited years to tame her - mind, body and soul. Publisher's Note: "Taming Tessa" depicts women in situations of non-consent as well as strict explicit punishment in sexual situations. Do not purchase this book if these elements will offend you.

Customer Reviews

The book had 2077 locations on my kindle. The book was about a girl, name Tessa and a man,

named Cole. Tessa had lusted after Cole for years and when she was 19 years old, she was forced to become his wife. The book contained lots and lots of detailed, descriptive sex, oral sex, public sex play and a shaving scene. I liked the sexual scenes, they were hot. I wasn't particularly thrilled with the Cole character. He claimed to love Tessa, but she was just his own personal sex toy, to be used, wherever, whenever, he chose. Tessa was forced to keep a butt plug in at all times. She was forced to keep her breasts uncovered, when ever she was at home or in the company of Cole's family. She was forced to have a special pill, inserted every day, in order to keep her sexually aroused. She was forced to perform oral sex on Cole, several times a day. I felt sorry for the Tessa character. She was so eager to be loved and wanted. She did, whatever Cole demanded, in order to gain his praise and acceptance.

This book is what I refer to as a VERY erotic romance - ie. the erotic part is more prevalent than anything else. But man is it so well done! This is fast becoming my favorite erotic series to read. Vanessa Vale does a great job of giving just enough characterization and plot to make the erotic parts extremely satisfying, and the erotic parts are mostly about the training of the wives. Now, granted, this book has more of the training/erotic stuff than Book 1 did, and it borders right on the point of being a little over done when it comes to being almost repetitive (unlike the first one which was constantly changing things up), but overall, I found it highly enjoyable. If you liked the first one, you'll def want to pick this one up to find out what happens to Cole and Tessa, both of whom were introduced in the first book. Cole's a great alpha male and he's definitely got an oral fixation (unlike Jake from the first book, who is far more interested in Catherine's backdoor). Although Tessa still gets coked and plugged, the way any good wife in this town is, they spend a lot more time training her mouth than anything else - and I personally found the training method to be fascinating. Tessa is a bit of a brat, but it's fairly understandable in this book, considering how her mother and sister treat her, and Cole does a good job of bringing her around and bringing out the sweeter part of her personality. I didn't give this book 5 stars for a couple of reasons. The first is that the thing with her mother and sister bothered me a bit, mostly because her father said that he "tried to stop it." Umm... this is a town where the men cork and spank their wives on a regular basis - either he's a shoddy disciplinarian or he didn't actually care. I would have preferred that he didn't KNOW, until the end, how badly his wife was behaving, so that he could take her in hand, the way it seemed to be with Tessa's sister and brother-in-law. Once he realized how badly his wife was treating Tessa, he seemed determined to fix it. The second thing is that, during the first confrontation between Tessa and her mom and sister, I was really bothered by the fact that Cole didn't speak up sooner and that

he wasn't very vocal once he did speak up. He does NOT seem like the kind of man to put up with the way Tessa was being treated, but he just stands there until she finally says something herself - which is kind of shocking that she manages to do so when she could have really used his support. It seemed out of character for both of them. But, overall, loved the oral fixation and the training and the characters, and I'm really looking forward to Sam's book!

As always, Vanessa Vale delivers an unbelievable storyline in a totally believable manner. The folks in Liberty have some strange ideas about the role of a wife: daily aphrodisiacs, anal plugs and pegs, open-breasted blouses, and some unusual techniques for the sexual training of a wife. All these things are kept secret from unmarried women, and the aphrodisiacs are disguised as "medicine", provided by the friendly town doctor who makes the most amazing housecalls. You have to suspend reality as you read this book. I don't have a problem with that, and have enjoyed this series.

Vanessa Vale is an excellent writer, and whomever is editing her digital books for her does a great job. The world of Liberty is interesting, the men are devoted and committed to their women (and hot!), and there are plenty of well-written sex scenes. In case you're wondering, the 4 stars are because I disliked Tessa, so couldn't enjoy the book as much as I might have. But, that's another symptom of a good writer--the ability to write characters that inspire you to have feelings for them.

Tessa Bowers has set her sights on one man, hard, hot and handsome! He has a hankering for domination. Cole Bridger has plans for the fierce, little woman. She may not know it but the teasing and tormenting, has lead to today..their wedding day! And she is in for unimaginable sexual delights, the idea that Cole loves his wife, makes her want to please him all the more. Now he knows why she was a pickle, her family, in particular her sister and mother are pit wipers. Needless to say they are devoted to each other and the domination is just a bonus, the sex it mindblowingly sexy and sensual! Vanessa vale is only getting better... Gave the book 5 stars the series is sexy as sin. Not to mention scandalous sex scene, that have you addicted!

This is town with it's own rules for married life but even girls growing up in town don't always know what goes on behind closed doors. Tessa has been treated in ways that have turned her into a real pain. But Cole seems to be able to see the real Tessa. I love how he is willing to bend and adjust some of his ideas about married life when he can see what Tessa has faced. He truly cares about her and this story turns out to be so much sweeter than I expected when I started reading it.

This is the second book in the Montana Maidens series. This story is about Cole, who we met in the first book and Tessa. Tessa has a reputation in town for her verbal barbs. Unfortunately, Tessa was very unhappy with her life. Her parents are very strict and humorless with her. But, she was very interested in Cole. So, when Cole wanted to marry her, she agreed. When Tessa got to their house, she started the sexual training that all the wives in the community underwent. It was strange to her, but she enjoyed the lessons. She and Cole come to realize that they love one another. There are no spankings in this book, but there is the sexual control that a husband has on his wife. The sex and the training are very hot! I give this story 4 stars.
