# Securities Regulations: The Essentials

## Synopsis

**Securities Regulation: The Essentials** is part of Aspen's new *Essentials Series*, which takes a "forest rather than the trees" approach to teaching. This concise paperback concentrates on the fundamentals of Securities Regulation and uses a relaxed, personal style to explain them. Suitable for use with any casebook, this text will help students recognize and understand common themes and will precipitate understanding of the topics under discussion. Written by Stephen J. Choi and A.C. Pritchard, two well-regarded young securities regulation scholars in the country today, this outstanding resource:

- Begins with an introduction to the role of information in the decision making processes of investors, then takes up various topics in securities regulation using the framework developed in the first part of the text
- Examines the underlying business problems facing issuers and investors in securities regulation
- Takes a problem-and-solution approach that allows the professor to ask whether the solution currently provided by the law is the best solution and what alternatives should be considered

Students will find the nuts-and-bolts approach of **Securities Regulation: The Essentials** reassuring and illuminating. Require or recommend this straightforward text for use alongside your casebook and watch student comprehension soar.

## Customer Reviews

Way more helpful than the textbook by Choi. Very helpful for studying public offerings for my sec reg

final.

Great, concise summary of securities regulation. The book draws relationships between different causes of action and how they can apply in certain situations (ex: whether an exemption under Section 5 will also absolve of liability under Reg FD).

So useful! Thank you

good book

Truly "essential" to learning securities regs. Highly recommended! Definitely aids in putting together the concepts, in an otherwise complicated subject matter.

All I need to get my B

Very essential supplement for the case book.

Really helpful for understanding Securities Regulation
