The Last Stored

Synopsis

After the sudden death of her parents, making it through the day is a struggle for Amber. In the midst of her grief, an exquisite bird perches on her garden fence and shows her visions of a vivid landscape and a dark lord slouching upon a throne. She thinks the visions are tied to her sorrow. But when a boy flies through her kitchen window to tell her she's the Last Stored, she wonders if she's just lost her mind. Cree of Din is tasked with one job: Bring Amber home. For seven years, Cree has trained as her protector and it is the ultimate responsibility. Failure means Amber's certain death, and that's not an option for Cree especially since he's falling in love with her. The Returning has begun. Now all Amber and Cree have to do is enter Tali, a world of unimaginable splendor and equally unimaginable horror, and defeat Lorthis. If they can't, not only will Tali plunge into darkness, but so will Earth.

From the very first words, I was wrapped up in the cleverly descriptive fashion that this story is told. With each passing chapter, alternate perspectives created an environment that enabled me to feel as though I was part of the story. The story itself smacks of familiar tones of good versus evil but with twists and turns that rely on the characters interactions with each other on many different levels. Love, pain, hope, fear, life and death are intertwined In a thrilling dance of what inevitably becomes true focus and closure to the idea that if you have faith, no matter how much self doubt may eat away at you, you will be victorious. Combined with colorful and thickly described surroundings and happenings, the characters of Amber and Cree succeed in weaving a story that defines their unwavering connection to each other and sweeps you into their world enveloping you

as a participant of their fight to be free their world of evil. Sonia Poynter's *The Last Stored* was a book I couldn't put down, this is fantastic storytelling. Swaro!

This was a fantastic read! I'm so glad I found it. The adventure for Amber learning about her parents, a mysterious guy and making her way into Tali I was on the edge of my seat the whole time. Many twists and turns throughout. Loved the blooming relationship between Amber and Cree, her protector. The author, Sonia Poynter, created a beautiful make-believe world and fun yet believable characters through sharp, crisp words and a little bit of humor.

Extremely enjoyable read. Poynter has a gift for drawing you in to every moment of the story, making you feel you're living it. I was pulled in from page one and had trouble putting it down when I had things to do. I really liked the world of Tali and its culture and easily cared for its well-being. Cree was my favorite character as I often found myself surprised by his reactions. Plus he's just a charming guy! Looking forward to further books from this author!

LOVE THIS BOOK!!! The only problem is that it's so engrossing, you can't put it down! GOOD JOB, Sonia!!

Loved this book so much. Very well written. Keeps your interest on every page. I can't wait to read her next book.

Vivid worlds. Nonstop action. Beautifully written. Highly recommend if you enjoy fantasy. :)

Page turner, hope there is a sequel

WillÃfÃ â ÑÃ â,,s winning chapter: 14-Jessimn the Healer, (Honorable mention: 31, 31) WillÃfÃ â ÑÃ â,,s winning character: Lin WillÃfÃ â ÑÃ â,,s worn out word: giggle
1-line Review: An enjoyable quest/destiny high-fantasy that would have been perfected with just a touch more depth in a couple places. The longer review: I would specifically recommend this novel to girls that enjoy or are just getting into fiction fantasy. *The Last stored* has adventure, tension, some mystery, and a few budding romances mixed into an excellent high fantasy. The story has a Lord of the Rings meets Immortal Bones kind of feel. (DonÃfÃ â ÑÃ â,,t read that as two stories blended into one, more like little ingredients similar in feel blended together in a new recipe) The

book would fall under the christian high fantasy genre. I enjoy christian fantasy when the allegory is more subtle. Poynter does an excellent job at incorporating her faith in subtle, enjoyable ways. (Subtle vs not subtle christian authors: Wayne Thomas Batson:subtle, Christopher Hopper: NOT subtle.)

Hopefully this gives you a perspective on what I mean if you enjoy christian fantasy yourself.

Sonya Poynter's novel *The Last Stored* is a great debut novel for a new upcoming novel. She creates an alternate world filled with color and dimension past what can visually understand here on earth. Her character cast is not overly large or too small and I enjoyed many of the supporting cast. My favorite character was the supporting protagonist Lin; I actually think I found her and her relationship with Chaney (another support protagonist) more exciting than the main characters Amber and Cree. (Adventures of Lin spinoff!) The main characters Amber and Cree alternate chapters in first person to give a great perspective on the same story. The characters really evolve as a team as they journey together through the story. Amber is the unsuspecting destiny child with great potential power. She is protected by Cree, the highly trained and sworn protector who has the ability to ride the wind, be invisible, and sense others' energies. Cree is called a "Wind Rider" and his ability is called "blowing out," very cool name for a power :) The book culminates to a great fight seen in the end. I found it to be the high point of the book (The end should be the most exciting part). Some fantasies have a lackluster ending, but this is not the case here!

Bottom Line: *The Last Stored* is a great new high fantasy that I would highly recommend for girls on any age that enjoy christian fiction-fantasy. Very worth the read and I would suspect more in this series to come. If you want my critiques of the book read on.

Where the book lost a star: For this book it was all minor points and not a major plot issue. (That is a good thing!) I think the very colorful world became less descriptive as the story went on. The world is vastly different from earth and I wanted to hear more of the settings. Much of Amber and Cree's feeling toward each other were explained very staccato-like. Ex. "I love that about her." "I wish there was a bit more poetic-ness about it, and that the character relied more on their actions portraying their affections rather than their thoughts on each other. I think this is why I enjoyed the Lin-Chaney romance more, because we could only see it through Cree and Amber's perspective. The characters do much traveling and avoiding conflict. I would have liked to see one or two more Moriavis (dragon) or Ague (mindless soldiers) attack on the traveling group. Amber was consistently referred to by her full name and the people of Tali said that is how they do it, but Fej, Dartlin, Fink, Lin, Chaney, Lorthis were never referred to by their full name from what I can remember.
