2015 International Fuel Gas Code

Synopsis

The 2015 INTERNATIONAL FUEL GAS CODE SOFT COVER sets forth requirements that address the design and installation of fuel gas systems and gas-fired appliances, based on the most current information and technology available. The requirements are performance-driven, making this an effective tool and valuable addition to a user's code products. In this updated code, the section on protection of piping has been completely rewritten, and readers are informed that line regulators installed in rigid piping must have a union installed to allow removal of the regulator.

Book Information

Series: International Fuel Gas Code

Paperback: 176 pages

Publisher: ICC (distributed by Cengage Learning); 1 edition (June 5, 2014)

Language: English

ISBN-10: 1609834771

ISBN-13: 978-1609834777

Product Dimensions: 0.5 x 8.5 x 11.2 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 147 customer reviews

Best Sellers Rank: #65,628 in Books (See Top 100 in Books) #24 in [Books > Engineering & Transportation > Engineering > Reference > Architecture > Codes & Standards](#) #141 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Design & Construction](#) #153 in [Books > Textbooks > Humanities > Architecture](#)

Customer Reviews

ICC is a leading organization dedicated to developing a single set of comprehensive, coordinated national model construction codes. To date, 48 U.S. states have adopted various international codes from ICC.

I am studying to take my journeyman's plumbing test in Maryland and was very happy to find this book in stock as most places do not carry this item . one thing to keep in mind is that right now most test are using an older version of this book and you would not be able to bring this book into the test with you as such . But I have been told that later this year all test will be focused on this book so I wanted to get a head start . also keep in mind most testing facilities will not let you bring in a book that has any marking on it at all , so don't use your highlighter on it . the book is very well written

and very clear , having the extra guide with it is nice too .

This is the actual code book. It's in great shape and all is well.

I received my copy of the Code Book in a timely fashion and as advertised.

book is new no markings no page creases this is perfect thank you

Perfect condition - just as described

arrived on time and as described

Was in the condition stated, very pleased with product. Thank you.

EXCELLENT
