Good for the very center of Hong Kong Island but didn't go far enough to cover our hotel. Caused considerable confusion our first day. Our hotel was a very popular international one and I would have expected the map to cover it. I have used Pop-Up maps in many cities and have been usually pleased with their convenience and coverage, but this one did not live up to previous experience.

This map is compact and has a lot of information. On side is the map of Kowloon, the other is Hong Kong. In the folds are maps of the more popular parts of the city with more detail, a guide to the MTR system and a street guide. I found that it is best for the traveler who knows where they want to go and needs a small, concise, detailed map to work with. No frills.

Terrific and handy map of Central area and Kowloon. Small, but still easy to read. Very handy and highly recommended. I love the way it pops open and closes so easily.

Too small, only covers the 2 main areas of the city.

Perfect for my trip:))
