The Case Of The Hurricane Hounds (The Thousand Islands Doggy Inn Mysteries Book 8)

Synopsis

Suzy, along with Josie and Chef Claire, has finally succumbed to her mother's pressure and are in the Cayman Islands for some relaxation and time in the sun. But on their first night there, a major storm blows through, and Suzy and Josie head outside to rescue a stray Bloodhound they saw on the beach earlier in the day. But their rescue effort needs to be expanded when they realize the agitated Bloodhound is trying to protect a female Basset Hound and her six puppies. When the power goes out while they're trying to get all eight dogs settled into her mother's garage, Suzy wonders if their first day of vacation could get any stranger. Her question is soon answered when the lights come back on and Wily, a local financier with a reputation for philandering, is found stabbed to death in the living room. Before Suzy has time to even focus on who might have killed him, Jerome Crenshaw, an incredibly wealthy resident, gets killed in his own house the same way as Wily. And as she embarks on trying to solve the murders, it soon becomes apparent that her mother has some ulterior motives of her own that could force Suzy, Josie, and Chef Claire to make some life-altering decisions. Surrounded by the ocean, and confronted with a diverse group of individuals as well as a few stingrays that are just a bit too close for comfort, all three women begin to wonder, that if they had wanted weirdness and murder, why did they leave home in the first place. The Thousand Islands Doggy Inn Mysteries features two of the smartest and funniest lead female protagonists to hit the cozy mystery scene in a very long time, and Suzy and Josie's affection for food and their boundless love and devotion to their dogs puts this new series in the don't miss category. The Case of the Eccentric Elkhound is the latest installment in this fast-paced and funny series that affectionately focuses on dogs, food, and the natural beauty of the Thousand Islands region.

Customer Reviews

This was a very nice book to read and a lot of twist and turns to keep you guessing who was guilty. The dogs are a very small part of the story which I found disappointing. But all in all it was a good clean book they need the beach look awfully good and swimming with the stingrays was funny

Another series I really like. Nice blend of humor, characters and mystery.
