Integrative Assessment Of Adult Personality, Third Edition

Synopsis

A complete, thorough, and pragmatic guide to clinical assessment, this authoritative book meets a key need for both students and practitioners. T. Mark Harwood, Larry E. Beutler, Gary Groth-Marnat, and their associates describe how to construct a "moving picture" of each patient by integrating data from a variety of sources. Included are detailed, systematic reviews of widely used instruments together with strategies for selecting the best methods for particular referral questions. Readers learn to conduct integrated assessments that take the complexities of the individual personality into account, serve as the basis for developing an effective treatment plan, and facilitate meaningful reporting and client feedback. **New to This Edition***Incorporates the latest research findings and assessment/treatment planning tools.*Chapters on the Personality Assessment Inventory and the NEO-PI-R and NEO-PI-3.*A new extended case example runs throughout the chapters.*Critically evaluates the recently published MMPI-2-RF.

Customer Reviews

"Every once in a great while, a book comes along that is truly indispensable. Integrative Assessment of Adult Personality is such a book. Comprehensive, authoritative, and scholarly, the third edition will be a valuable addition to any practitioner's library, and is well suited as a text for graduate courses in psychological assessment."--Robert F. Krueger, PhD, Department of Psychology, University of Minnesota
As both a classroom text and a practitioner reference, this volume provides considerable insight into the importance of an integrated approach to assessment

across clinical, research, forensic, and educational settings. It is an essential work that incorporates principles, procedures, and tests into a single volume. I enthusiastically recommend this book to all mental health professionals and their trainees. The third edition attests to these outstanding authors' continuing contributions to the field."--Terence M. Keane, PhD, VA National Center for Posttraumatic Stress Disorder and Boston University School of Medicine" This third edition provides a masterful synthesis of cutting-edge practice and research on adult psychological assessment. The authors explain/m-/and illustrate in a compelling case example/m-/how to integrate information into a coherent, treatment-useful assessment. They walk us step by step through defining the referral question, selecting tests, conducting the clinical interview and the major inventories, providing feedback, and preparing an integrated report. Impressive and unique in so many ways!"/m-/John C. Norcross, PhD, ABPP, Department of Psychology, University of Scranton

Excellent book.

My assessment textbooks are dense and difficult to understand. This book breaks down the

concepts and gives a thorough review.
