As an Orton-Gillingham trained tutor and a fan of "Words Their Way" style word study, I could find nothing appropriate in the lesson structures in Wordly Wise. There are no clear orthographic or morphological connections between words in any given lesson, giving the student little structure to guide learning. I cannot, in all good conscience, recommend this resource to any educator.

Excellent advanced vocabulary text. Does not come with answer key. Be prepared to use a dictionary if you do not have a writing or English degree to teach with this book.

school book

Wordly Wise is a great series for expanding vocabulary. My daughter really enjoys it and loves to pick "favorite" words!

It really helped my 11 years old boosting his vocabulary before his ISEE test, and I feel it is fun to

read.

Great vocab curriculum.

I can't imagine that they sell this with no answers. How extremely unhandy for the homeschooling mom who is short on time! I'd really like to be able to get an answer key without scouring the internet. I've always bought my WW from other sources, and now I see why!

My son's class issued this book as a loner to use to make copies of the pages and then fill in the answers. They are not allowed to write in the book unless you buy your own book, then you would not have to make copies. I'm so glad I was able to find the exact book that my son needed so that we don't have to waste a lot of time and money making copies of the whole book!
