## Customer Reviews

"An expansive new bible for cat fans, The Cat Encyclopedia features information on 130 internationally recognized cat breeds – not to mention some seriously stunning (and adorable) photos of striking varieties of this beloved pet." – Parade Magazine

I bought this for my nine-year-old. She was having trouble doing her 20 minutes of reading time per night. So I figured to get her the one thing she was interested in the most. Now all she does is sit down and read this book over and over again even with her friends. I think it's great to give a child something that they really love to learn about and this book provides that. Albeit with a few words that are probably out of her range but she works past them with our help and she learns how to read something that isn't Dr. Seuss Style. So if you're apprehensive or on the fence about buying this book for a younger child it seemed to work out pretty good for me. That and all the pictures work

through the book pretty darn well. Very happy with my purchase and I will definitely look for other books by this publisher and author.

I found a copy of this at my local library and decided to buy after having a look. In spite of being a life long cat fan, I actually found out things about them I did not know. The breed section is an excellent reference for identification. Strongly recommend this book for any cat owner or anyone thinking of getting a cat.

Great book. My kids 11,12,13,14 have their first cat. A lovely Sphynx named Violet. They love learning about her!<http://godsgiftsinmylife.blogspot.com/2015/10/violet-and-kitty-o.html> (you can "see" Violet here :o)

Wonderful book to help understand what's going on with your cat physically, and also to figure out their possible lineage.

I love it and more importantly my 2 year old daughter I bought it for loves it.

Our 1st through 5th grade students love this book! This is the third copy we've ordered for our library. Could stand a sturdier binding, though.

Quick delivery. The book is excellent with tons of great info. Not new but is on nearly new.

Beautiful and informative. Best source of information I've seen so far.
