Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

Cute, simple, and engaging for my 9 month old. I just wanted a book that would give opportunities to learn animal sounds, but the parts you can feel are a plus!

Big bright pictures and options to touch and feel. Great opportunities for sensory play and discussion. A winner in my book!

Not very long but cute book. The pages stick together sometimes. My son loves it so that is all that matters

Baby approves!! She loves this book and the pieces to feel on each page, she always likes me to read this one to her

My 10 month old absolutely loves these touch and feel books. He's liked them since he was about 5 months old. We got the "Baby Animals" book as a shower gift and its hands down been his favorite book ever. I have it memorized we've read it so many times. He liked it so much I searched out other books made by the same author. So very pleased with all their books and I think my boy will enjoy them for a long time.

It's cute. Most of the fabrics are fluffy. I would give five stars if there were more kinds of skins.

Almost all the same material, just different colors, in the feel areas

Really cute and well made little board book. My 2 year old granddaughter loves it.
