Kink (Fate Book 2)

Synopsis

Emily Malone snuck into my life, slipped under my skin, and right into my heart. Little did I know that danger and death tagged along with her, following in her innocent wake. I'm always in control but not with her. Emily makes me doubt myself because she's so important to me. Em knows nothing of the lifestyle. I know she's submissive, but I must take it slow. Gradually, step-by-step, I'll teach her to enjoy my particular brand of kink, my unique darker needs. She'll learn to love what I love. What I need. That is if both of us live long enough to complete her training"Kink is one of these books that grips you by the throat and takes you on a roller coaster ride of emotions. Heart pounding scenes and an amazing story of a woman and her journey into a BDSM lifestyle." - Kristy, Book Addict Mumma"Kink is a visceral and yet tender love story that could only be written by the sensual pen of Nikki Sex. Darkly intoxicating and wickedly irresistible!" Autumn, Agents of Romance"A sexy love story written mainly from the Dom's point of view. Really fascinating and steamy HOT!" - I Love My Ereader

Customer Reviews

This book was a complete surprise. It is a BDSM story (and there are plenty of hot scenes) but it is primarily a love story and a story of self discovery. The main characters are a young man and his girl friend. The man is a Dom and he is slowly introducing the girl into the BDSM lifestyle. He is clearly in love with her, head-over-heels in love. In the past he was a serious player but now he is monogamous. The girl doesn't want to take the big commitment and get married because she doubts he will not stay faithful to her. The book is about his growth and journey to discover the real meaning of love, surrender and commitment. The man's voice is so realistic it makes me think that the author is a man though he has a woman's pen name. I was shocked and pleased that this is a book of substance. It is by far one of my favorite books this year. Highly recommend.

'Kink' is most definitely a hot and steamy erotic read with a great story. I loved everything about it. The storyline is well written and captured me from the first page. The BDSM aspect was brilliantly written and executed perfectly. This story goes into detail about what a Dom/Sub relationship should be. The characters were awesome. I love Emily and Paul's chemistry as it evolved into the ultimate relationship with the lifestyle they chose. A must add to your tbr list. Highly recommended. Nikki Sex is one of my favorite authors with her writing skills in this genre. I can't wait to read more of her stories.

I love a girl that can tame the beast, a girl who can bring the softer side out of her man and Emily does just that for Paul. I love a guy who's a diamond in the rough. A guy that can be tender and loving as well as hard and unyielding and sexy as hell. Paul fits the bill perfectly. KINK is exactly what you might imagine from the title, a book full of hot kinky sex. But it's also a story of a beautifully fragile relationship between two wonderfully flawed characters who despite their own insecurities manage to nurture their love. Throw in some suspense and mystery and you have an amazing edge of your seat read on your hands. I laughed, I cried and I absolutely loved this book! PS: If you have read Nikki's other fab books, you will be pleased to reunite with some of her other beloved characters.

I have to admit that I was disappointed by Fate, it seemed that the sex was just skipped over and book was a little flat. What a surprise for Kink to start and never let go of you. If you haven't read Fate get it so you can enjoy the ride, now with both books the feeling of completeness is there. Way to go Nikki! I loved this book.....now how about Colton next!

Holy Smokes doesn't even cover the emotions I have felt reading this book. Nikki you out did your yourself this time. This book was scorching hot, steamy, sexy, OMG kind of read :) This is the continuation of Emily and Paul's journey. We met them in Fate and fell in love with both characters. Kink takes you on a roller coaster ride of emotions. You are hooked from the first chapter. This is a panty dropping story and you can't stop reading. To find a book that has me so absorbed that I finish reading it in less than 24 hours is rare. As I finished each chapter I was dying for the next. Nikki takes you on a journey and your mind thinks one thing then something else happens. By far my favorite Nikki Sex book. All her books are hot, sexy and erotic but this one is on a whole new level.

KINK was wonderful.... This book is written in the 1st person from a man's point of view and it made me laugh out loud so many times. Men and women are truly different and the author is so much fun. I laughed, cried, and felt every emotion with KINK. I buy Nikki's books not just for good sexy stories but because she writes realistic characters with realistic relationships. The problems the characters have are all the things that I can relate to. Another winner by my favorite erotic author!

This was a great book. This is part two for Emily and Paul. Emily needs to learn to trust and open herself and Paul needs to learn when to let go. Both of them face battles together and stand by each other. Really hot BDSM scenes and they will make your panties wet. I'm glad to see how their story turned out. Great job to the author.

This story really delivered. Thought it gave exactly what it said it would. This is Paul and Emily's story. Told in his POV- which I think is hotter by the way- This story is about him introducing her to what he likes- which is what she says she wants. And he wants control- breath play, ultimately. The only thing I would have done differently, I wish that Paul's name would have been different. Not that every H's name has to be Mason, Hawk, or something like that.. I just .. Paul.. uh- no. (sorry)
