Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Bought for my 3 year old so she could start learning how to handle scissors. Book is great as it's simple enough for a toddler but can also be used for older children.

I bought this to help practice cutting and pasting skills. Although I like how thick and colorful the pages are, there aren't very many of them and there's no dotted lines to help guide my 3 year old daughter.

It's ok. Dotted lines around the pictures would be nice. Fine for the price.

Nice book and easy for my son to do.

Grandson loves it.

kids love it

Good!

It's 15 pages, not 31. Not worth the price. Better to print out worksheets from Pinterest. Some of the items are small and difficult to cut for a 3 year old.
