My husband can play many instruments, from piano to alto sax, guitar, drums, you name it, hand it to him, and within a short time he can do some nice renditions of songs. He plays by ear and mind, but wanted to read as well. The bari he got for a gift has spurred him into reading, and of course he is picking that up quickly (he had taken piano years ago and started into reading treble and bass clefs but life interrupted his studies... Anyway, the DVD is great, basic but not condescending, fun, nuances and tips are always important fun fun fun, but would be great for a total beginning musician as well...

Just what my son needed for beginning band. Best price, shipped fast!

I ordered the book Sound of innovation for concert band but I didn't notice that it's use for Horn, while I needed is for Flute. Otherwise it's a good book.
