Louise - Finding Black Dane Book 1

Synopsis

In this thrilling story Louise has to grow up quickly, because of many unexpected complications in her life. Now it's up to Louise to look after the farm. She has no money for food and decided to sell their prize bull at the market, and struggled to pull it through the forest. She is followed by a wild black stallion who later helped Louise to chase away a man who attacked her, on her way home through the forest. The stallion now comes to their paddock every day. Louise dreams of riding him in the future, she has always wanted her own horse. Eighteen year old Jake from the horse stable on their neighboring farm is Louise's childhood friend, he is a great support for her as she is confronted with many challenges along the way, and now that they are older, sparks are beginning to fly between them. She spends a lot of time at the horse stable. The last straw comes when two Russian KGB agents arrived at their farm with the intention of kidnapping Louise. Why would they want to do that? Will they get away with it?

Customer Reviews

Louise-Finding Black Dane, is a compelling story of a young woman faced with very adult responsibilities. The author Susan Valentine, has done a great job of creating this story. This book

tells an authentic tale of what happens to someone when everything starts to go wrong. The main character must contend with issues such as her mother's high risk pregnancy, and lack of money. I look forward to reading the next book in the series.

Louise - Finding Black Dane is like a coming of age story as the heroine, Louise is forced to assume so many responsibilities at home. The stallion, Black Dane, is a hero in his own right. I found the characters interesting, the story compelling and the setting well described. It's a good read. Five stars.

I enjoyed this story very much. I love horses and this was a beautifully woven plot. I highly recommend and looking forward to Book 2. Five stars to author Susan Valentine.

A fast-paced and exciting story about the struggles that Louise faces, her connection to the Black Dane, and the mystery of the KGB involvement in her life. Exciting stuff!

A great story that should appeal to readers of all ages. I look forward to reading more in this series.

I like nothing better than a good horse story. "Louise - Finding Black Dane" is a horse story about . . . you guessed it, Black Dane, the "wild" black stallion who befriends the thoroughly modern young lady, Louise. Louise has all the troubles besetting a girl in love with a horse whose family is neither rich nor important: losing the farm; infirmity of parents; and every other necessary trial of of girl and horse are well done here. But wait, there's a modern twist: Adopted Louise lives on her parents farm; the adoptive mother is pregnant and may die; adoptive father sickens. Louise must somehow keep the farm. Now nearly penniless, she must sell the family bull but . . . can't. Then comes Black Dane, a wild black stud who adopts her, protecting her from predatory humans who threaten her. She puts out hay for the stallion, who visits her "paddock" daily. She dreams of riding him. She gets help from a nearby stable. And then, mysteriously the "KGB" turn up to capture Louise. Why? Read this book and find out how a horse can thwart the evil wiles of the predecessor to the FSB. You'll need to read the book to its successful conclusion. Good horsey fun.

I love horses and I hate bullying so I enjoyed reading this story. It had lots of twists and turns. A Good read. As an older person myself I am sure it will be appreciated and loved by younger readers. Covers lots of issues.
