Left Hand Writing Skills: Book 1: Fabulous Fine Motor Practice (bk. 1)

Synopsis

The objectives of Book 1 are to establish good basic habits of paper positioning and pencil hold, and to develop the fine motor skills needed for accurate, consistent writing. The book takes the young writer from basic pencil handling and co-ordination exercises through to formation of letters and simple short words. The 28 worksheets contain an entertaining mix of games and puzzles, which parents (or grandparents!) and child will enjoy doing together. Billy Beetle, Sam Spider, Willie Woodlouse and Sally Snail lead the left-handed child through the worksheets. The illustrations are aimed primarily at the 6-7 year-old, when many left-handed children become more conscious of the difference between their writing style and that of their right-handed peers. However, the overall design is suitable for any age: we've heard from grateful users nearer to retirement age than to next year's Year 2...

Book Information

Spiral-bound: 34 pages

Publisher: Robinswood Press (April 1, 2005)

Language: English

ISBN-10: 1869981766

ISBN-13: 978-1869981761

Product Dimensions: 8.3 x 0.1 x 11.6 inches

Average Customer Review: 4.2 out of 5 stars 21 customer reviews

Best Sellers Rank: #348,110 in Books (See Top 100 in Books) #63 in [Books > Reference > Words, Language & Grammar > Handwriting](#) #22678 in [Books > Education & Teaching > Schools & Teaching](#)

Customer Reviews

"An excellent series," John Clare Telegraph. "A unique, much needed resource which will help left-handed children avoid or overcome many common handwriting difficulties. Highly recommended." Lauren Milsom - Left-Handers Club.

Authors Mark and Heather Stewart have many years' experience in educational requirements for left-handers. Their training guidelines have been endorsed by the DfES and are incorporated in the National Literacy Strategy.

Well presented and easy to follow. This book is a lot larger than I expected but it is laid out in what I assume is a logical sense. Did take a while to get, but it is what I expected.

Great writing tool for lefties..

Great product

This is not much different than a regular workbook. I bought this based on a recommendation from a friend with a left handed kids. Does anybody know what the difference is for these other than it has the line on the end in order to indicate how the page should be positioned?

Very helpful in getting my left handed grandson motivated to write again. Good tips for me to help him with practicing control, his pencil grip and posture.

I was very impressed with this book. It gives a page full of directions that allows us right handers help our children who turn out to be left handers.

Great book, love the tips...a must for teaching Leftys

love the work book and you could probably teach these things if you thought of them. i was impressed on the simple ways to get them to practice. great book for us right handed grandparents to work with our left handed grandchildren
