J and Carol Scott are full-time entrepreneurs and investors, living in the suburbs of Washington, DC. They both spent much of their early careers in Silicon Valley (California), where they held management positions at several Fortune 500 companies. In 2008, J and Carol decided to leave the 80-hour work weeks and the constant business travel behind. They quit their corporate jobs, moved back East, got married, started a family and decided to try something new. That something new ended up being real estate. In the past nine years, they have bought, built, rehabbed and sold and held over \$30M in property. J and Carol have detailed their real estate adventures on their blog: <http://www.123flip.com>. J can be reached at j@123flip.com. Carol can be reached at carol@123flip.com. ----- Mark became a real estate investor and agent after graduating from the University of Colorado in 2001. Just read this book and it is awesome!!! Very detailed negotiation strategies and how to execute. I am currently looking to buy a long term rental and will definitely use this information. I have read a lot of books on real estate investing and this is a book that I feel has given me the most confidence in making and getting a good deal. Excellent read, well worth the time!!!

As a wholesaler looking to do a lot more deals, this is exactly what I needed to read right now! I am planning to make offers to two sellers today and am going to start putting these techniques to use. Great book!

Excellent book! Very fun read ,incredibly informative, and a great tool for negotiating strategies!

Great book from Mark Ferguson, J Scott and Carol Scott. I have always found these authors books

to be very helpful. This one will not let you down. Lots of references to real life situations. Thanks again!

As soon as I heard J was putting out another book, I had to have it. Having read his previous two books on rehab flips and estimating rehab costs, I knew at this point that he consistently puts out great and useful information, and this entry is no exception. I assumed going into this that I would probably know most of the tricks but I soon realized that I was very wrong. There are tons of golden nuggets in this one and worth multiple reads to absorb all of the information. Highly recommend it to anyone interested in the topic of negotiation. Thanks again, J!

Jay and team are not only savvy real estate investors but master negotiators. That's one of the reasons he is so successful! Read this and you will see what is likely preventing you from closing more deals. A big eye opener for me.

I really learned a lot about negotiating from this book. I'll keep this book on hand for further reference. It is also helpful for negotiating non real estate transactions.

even though I have acquired several investment properties, negotiation is still a big challenge for me. I am glad that this book will focus on this topic just for real estate. It discusses different negotiation idea for different investment strategies which really enlighten me. I would recommend it to all those whoever who want to do RE investment.
