A special commemoration of this long-running themed science fiction anthology edited by multiple #1 best seller, Larry Niven. Here is the 25th anniversary edition of the original volume that started it all. Includes an all-new introduction by Larry Niven for this re-issue of the first volume in a series that now numbers fourteen volumes and is still going strong. The Man-Kzin Wars series begins! The kzin, formerly invincible conquerors of all they encountered, had a hard time dealing with their ignominious defeat by the leaf-eating humans. Some secretly hatched schemes for a rematch, others concentrated on gathering power within the kzin hierarchy, and some shamefully cooperated with the contemptible humans, though often for hidden motives. In war and in uneasy peace, here is the first masterful volume in the Man-Kzin Wars shared universe anthology created by multiple New York Times best-seller, incomparable tale-spinner, and Nebula- and five-time Hugo-Award-winner, Larry Niven. > is the author of multiple New York Times bestsellers, both alone (The Integral Trees, The Ringworld Throne) and in collaboration with Jerry Pournelle (The Mote in God's Eye, Lucifer's Hammer, Footfall). His Known Space series, from which the highly successful Man-Kzin Wars books derive, is a landmark of modern science fiction, rating favorable comparison to Heinlein's Future History series and Asimov's Foundation series. Winner of a Nebula award and five Hugo awards, SF legend Niven remains among the foremost writers of the new century.

My first Larry Niven experience was "Ringworld" the 1970's and it made a lasting impression. Since then I have read several other Niven adventures including some of the Man-Kzin Wars series. Now, I have decided to binge read/reread the entire series of 14-15 Man-Kzin Wars plus 5 Ringworld plus 3-5 stand alone stories. So far I have completed the first two Ringworld books and Man-Kzin Wars 1-7. Today I started Man-Kzin Wars 8...

Some of the most fun and thought provoking military sci-fi in the business. It's a series that shouldn't be missed.

A good yarn by a master of story telling. Visit this universe often. I do. I appreciate the concept of an honorable non-human species.

Great introduction to the Man-Kzinti conflict! I enjoyed this, as it was my first introduction to the "Known Space" universe. The story "Iron" in the book was probably my favorite. However, "The Warriors" was a close second.

While I have an original copy of this, it was great to get this edition, as well. And I got it way before it was supposed to get to me. Great people, Texas Exiles!

This collection of short stories takes place in Larry Niven's Known Space universe, the same as Ringworld. Some very interesting settings continue in the vein of hard scifi. Good read.

Awesome book, read it many years ago and have enjoyed it again!

a nice collection of man-kzin stories. The stories are entertaining and well written though slightly predictable. I did enjoy this and I'll probably read some of the other books in this series.
