manual is supposed to come with disc covering information not in the book and with a pretest. there was no disc. not useful for preparing for enpc certification

As described :)

better than new

I passed my class. Yeah!!!!

unfortunately this book is not required for me anymore, it;s been taken out from my requirements for ENPC certification, i'm planning to sell it to anybody interested

Great book for overview pediatric emergency care. Concise and easy to read. Highly recommend!

This is not the latest edition... I don't know why this would be even in the market

Marvelous find! This looks like I just plucked it off the shelf. Happy to get a little early study done.
