All of a sudden, because of an immunity challenge, we have Tristan and me as the last two billionaires chasing after one lone virgin. But Megan Wright is something entirely different. Every inch of her makes my blood boil. Her curves tempt me to desire. Her body teases me to madness. And it's all live on prime time. But she's doing more than arousing lust. She's making me experience thoughts and feelings I never thought possible. And she's doing it for both of us. We both want to claim her as ours individually. But what happens when we join forces and take her together? Well, America...open wide, because I guarantee you ratings won't be the only thing exploding here... Customer Reviews

I loved how hot this book was. I was hooked right away and couldn't stop reading, kinda neglected my house work today lol. But that is okay. This story was so worth it. I loved Tristan right away. He seemed very sweet and right for Megan right away. After a while I fell for Madden as well. They were both intense and just what Megan needed. Alexis never writes anything that isn't smoking hot and she followed through with this book.

Honestly, I finished the book and I'm STILL not sure if I really liked it or not. I laughed at the satire and the tongue-in-cheek humor. I enjoyed some of the story, but not other parts. Part of it was just too over the top for me, I think. That said, I would recommend that each person read this. It has some interesting steamy scenes, and some downright ridiculous ones. Overall, it fits the genre as an erotic comedy.

I absolutely loved this book. I love the writing style of Alexis Angel, there's always humor and very sexy and hot sex scenes in her books. Megan is a contestant on a reality show called The Biggest Licker. She is one of 7 virgins and the deal is to stay a virgin. But can she do it? Is she falling for two of the bachelors? You'll have to buy the book to find out more. I highly recommend this book.

I love this book for its unique premise (finally!) and hot sex scenes. The conclusion was very satisfying. Unexpectedly, I especially enjoyed Train 6 in the bonus stories. It presented fresh and less rote sex scenes, which of course I'm all for. My only complaint is that the entire book would have benefitted from a better final proofread.

The Biggest Licker by Alexis Angel a mahossive five-star read. This has been one of the hottest funniest five star reads I have ever read. Megan is one of the contestants on a reality television's biggest show called the Biggest Licker, its hosts Chase Worthington and Nadia Moore are possibly the funniest anchors and I would happily pay to watch them on TV they are so tongue in cheek. Megan starts the journey as one of seven Virgins, they are all competing to win two billion dollars and a luxury penthouse, and true love of course. All they have to do is save their virginity, and competing against them is seven of Manhattans most eligible Bachelor's who just have to bed the

virgins to win. Everything they do is live on camera, except for the bathrooms, they aren't animals after all (Except for in the bedrooms). Last one standing takes the title Biggest Licker and Megan wants the money, never mind the title. But will she get more than she bargained for. Two of the Bachelor's Tristen Kane and Madden Sires have had a rivalry for many years and they will stop at nothing to win against each other. Will Megan get caught in the cross fire? Or the cross swords?

I received an Advance Reader Copy for The Biggest Licker written by Alexis Angel and voluntarily reviewed this book. A reality show featuring seven billionaire bachelors and seven virgins, filmed with mega prizes to be won? Who wouldn't tune in? By the time the reader starts in, the show is down to the last two billionaires, Tristan Kane and Madden Sires, and one virgin, Megan Wright. Megan has her own reasons for being on the show, but the last two men who are vying for her attention and for a chance to score with her are just so attractive. Megan has one person rooting for her in her camp, and that is Maya, the production assistant. When a twist in the show pits Tristan and Madden against each other, bringing out their competitiveness even more, they all start to question where they stand with one another, especially Megan, who is having a difficult time choosing between the men. Now that she is getting to know them better, her heart is becoming involved, and she doesn't know what is real and what is fabricated for the show's ratings. This story featured a refreshing storyline. I enjoyed all the characters in the story, especially the commentators for Biggest Licker, Chase and Nadia - they were simply outrageous and hilarious with their nonexistent filters. This would have been one reality show I would have liked to watch myself LOL

I received an Advance Reader Copy from Booksprout of this book for my honest review. But I bought it because I love Alexis Angel's books. Alexis Angel at her finest! A twist on the Virgin/Billionaire themed books. Who would want to be part of a reality show where you either win \$2 billion or find the love of your life! Of course we have very risqué and salacious scenes in this story; it wouldn't be an Alexis Angel book if it didn't. But there is a sweetness to this storyline. Megan, the virgin, needs to win the \$2 billion to pay off her student loans and have a place to live because she's homeless with nothing. Tristan and Madden, the billionaires, are your alpha male, take charge, and I can get anything I want kind of men. Except not so much with Megan, she has kept them guessing and wanting through the whole book. She just gives them little glimpses of what it would be like to have her all to

themselves. There's a twist at the end that makes the story a classic Alexis book. I loved this book and only put it down because hey a girl has to work or sleep sometime!
