Two Guardians For Little May (Little Lake Bridgeport Book 1)

Synopsis

Be prepared because this book has it all: full ageplay elements, BDSM, MFM menage, medical play, anal play, F/f interaction and a real sense of what it is to be a natural Little and masochist. If you enjoy realism, love and how a pair of alpha males handle a challenging little lady from the queen of contemporary age-play and BDSM lifestyle, Breanna Hayse, then this book is for you! Urban cowboys, Layton Marshall, Esq. and his younger brother, Caine Marshall, MD., unexpectedly meet the girl of both their dreams in this hot, sweet menage. When their beloved father dies, the brothers discover a secret property deed and a mysterious note, which they immediately decide to investigate. Traumatized after a brutal rape, and without any family to take care of her, twenty year old Maybelle Wright is transferred to an unofficial safe house on the shores of Lake Bridgeport, in order to recover. It is there that she meets the brothers and challenges them, the Marshall men, and learns of their plans to take over their late father's secret life's work: to help adult Little girls in need of parenting, structure and discipline. Layton and Caine are smitten with May almost immediately, but when they discover her rebellious nature, and tendency to be a brat, they waste no time in showing her how they deal with unladylike young ladies by administering her very first and eye-opening bare-bottom spanking. As both brothers begin to love, look after and discipline May, she begins to open up and feel safe, protected and desirable. And they have such different personalities that May finds her every need being fulfilled: Daddy Caine for her inner Little girl and need to be nurtured, and Uncle Layton to introduce her newly revealed inner masochist to the raw pain and excitement of BDSM. Mostly, she receives them together as lovers, and finds herself thriving as they fill every void within her literally. With both a Daddy and a Dom to fill every every longing in her heart, May is content to bask in their love and adore both men equally, until she is asked to choose which one of the brothers to marry in order to be given the Marshall name and legal protection. In turmoil, she turns to Sri Adul, a psychologist and active supporter of the safe house. Can the discovery of what a mother's love should be like give May the strength and wisdom to choose?

This age play story far exceeded my expectations. The storyline was well developed and we get to see a positive side of all three characters. When 20 year old May is raped and left for dead, when she finally heals from her physical injuries she is sent to live in "the lake house." Unfortunately for her the owner passes away while she is there. His two sons discover the existence of the house after his death. Both have experience in the AP lifestyle and are shocked to find May. All 3 of them become close and a strong bond forms. But is it enough to withstand the appeals process for one of her attackers.

Love the story, so glad that they were able to help May & fall in love with her, & able to get help for other little girls like her. I laughed @ some parts & cried in others.

This story like others by Breanna Hayse has both an emotional as well as a physical connection between the characters. It was great to see everyone get what they both needed and deserved. And I love "Texas Justice" as it plays out in this story. Hope we get to see what happens both at the girl's home and the new community.

The book had 3702 locations on my kindle. The book was about a 20 year old, named May and two,

30 something, year old, brothers, named Caine and Layton. The brothers inherited a house and May, the girl, who lived in the house, from their deceased father. May lived through a tragic experience, and found it hard to trust men. She was very child like, which immediately caused the brothers to be protective. They liked sharing women, and hoped May could join them. The brothers were likeable, caring, sweet and generous. The book contained some intimate, so, so sex, oral sex, anal sex and mÃƒÂ©nage sex scenes. I liked the age play, but May was more childish than not, which irritated me. The spankings were fine in the beginning, but they were too frequent. They tended to get more and more harsh, using straps and belts, which I did not like. May was also spanked by a women, which seemed unnecessary and thrown in to fill the pages. This was a 3 for me.

May is a natural ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ without knowing anything about the lifestyle. When she was traumatized, Mr. Marshall stepped in and found her a safe place to recuperate. Fate stepped into her life in the form of his two sons, Layton and Craig. The two men share everything, including their love of this feisty, little brat who quickly learns that bratting on purpose will always get her one thing ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ a very hot, red bottom. The three work towards healing each other as other professionals step in and create a safe place for women to go and learn to be themselves. This book bounces between age-play and BDSM with each brother having his own preference and May loving them both.

I always expect, with great anticipation, that a book from Ms. Hayse will be utterly fabulous and I can honestly say this book is just that! What a heart warming story this was for me. I became emotionally connected to all three characters very easily and was drawn into the storyline from page one. This book has a ton to offer and is very well written. I just have to say this is probably one of my top 5 books by Ms. Hayse, and that says a lot considering I have read every single one. If you miss this book you will regret it, quit reading here and start reading the book, seriously..

This was a nice story about two traditional brothers who after their father past found out about a property that came with a resident that their father last wish was for them to protect, guide and provide. Maybelle was a young woman who had been tragically neglected by her biological parents and brutally raped while trying to fit into the in crowd. It took time for Cain and MarshallÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£ â€”ÃƒÂ¢Ã¢â€šÂ£s father to win her trust and even shorter time for the boys to win her love and devotion through loving discipline. Together the three create a family bond ready to stand the

test of time.

Two Guardians for Little May have the most wonderful characters. I fell in love with them. An amazing story of finding what you need. Two dominant men who surprisingly discover May and give her security, care, and hope and as always with a fantastic book of Breanna Hayse good spankings. This book has everything delicious in it. Wow May has it all, a Dom, a Daddy and a caring psychologist that offers a mother's love. What a great combination. A high quality story that I'm so glad I read. It will be in my collection of Breanna Hayse books and it will be opened up to read again.
