Dr. Chopra integrates new scientific findings about the human body's "inner intelligence," with ancient Vedic knowledge. --This text refers to an out of print or unavailable edition of this title.

I have been listening to this lecture for years and never get tired of it. My first copy was a cassette tape. Deepak Chopra explores the idea that it is our perception of ourselves and our world that ultimately creates us. The mind body connection is thoroughly examined with a series of scientific and spiritual anecdotes. We are what we think! Our bodies are shaped by our thoughts and emotions. As a medical doctor, Chopra applies these concepts to healing and the limitless possibilities found in quantum mechanics. I have lent my copy to so many people, I still feel so

inspired by it. Chopra is engaging on all levels. Highly recommended.

This CD is the perfect 'marriage' between spirituality and the physical bringing solid evidence (via statistically significant research) to bear on how we can, indeed, control our own healing through the power of the mind and its direct correlation to curing the body. I am thrilled Deepak not only synthesized this evidence, but shared it in such way that even I, a layman with physics, can gain a full understanding of the concepts and how to put them into practice. Sure wish Deepak had been my high school physics teacher!

UPDATE: I listen to this CD repeatedly. It never gets old. I have it on my iPad thingie in my exercise room and listen each time I exercise. I love how it causes you to question all of the age-based crap that we are fed. It also causes you to question whether you are setting limitations for yourself that don't need to be there. You can never go wrong with Deepak Chopra. He uses a very simple and easy style so you don't feel lost in gobbledygook talk like some other new age speakers have.

Interesting and educational. Based on research and not just conceptual thinking. I like Deepak Chopra because he so wants to help each individual in his or her life be healthier.

I thought this is an audio. Easier to learn and understand.

Item as described. Fast delivery. Thank you,

Excellent holistic view so needed in such a dualistic era. Healing and inspiring and informative.

I really like Deepak's books. He speaks my language and I understand God (The cosmos, spirit, soul, the intelligence of the body etc.) much better than the words from religious and philosophy books.
