# National Geographic Readers: Penguins!

## Synopsis

They waddled into stardom in National Geographic's March of the Penguins film. These guys are now nature's ROCK STARS! If you're age 5, you're probably as tall as an Emperor. But why do they throw up so much? March this way, and find out all! National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

ANNE SCHREIBER is a graduate in Science Education from Cornell University and began her career as an elementary school teacher. She wrote the science content for the Magic School Bus television series. She has written more than a dozen books for young children. She lives in Brooklyn, NY.

This book was excellent for having my 3rd graders learn how to do a research report on animals. The information was useful and easy to find. The text was readable and students were successful.

I ordered this ebook when my child left her book at school and had to do a report. Catastrophe averted! She was able to complete the report with the information in this book.

So adorable and informative

Awesome little book.

Great book for preschoolers. In addition, ordered "March of the Penguin" dvd. Nice reinforcement.

great

Given to accompany a gift of a stuffed penguin

My grandson loves this book...age 5
