## Customer Reviews

Love the black pages!

Love this. Have 7 books by her now. All lines are dark and great but this book arrived and pictures are washed out and faded. Kinda sad about that. In the process of buying five more hope they aren't as faded as this book.

It's really detailed color book, it really only has about 16 photos , the rest are just copies of them.

Some very nice designs which were easy to see the patterns and map out the colors. I would recommend for anyone.

I have yet to begin, but the patterns are awesome. How do I obtain the free .pdf file (s) stated on the inside jacket?

cannot say enough, these are great and keep my hyper, granddaughters, calm, and busy.

good book

Intricate pictures, very nice, hours of relaxation.
