The Monkey And The Dragon: A True Story About Friendship, Music, Politics & Liife On The Edge

Synopsis

Memoir, biography and travel book, *The Monkey and the Dragon* is a story about China like nothing you've ever read. This is a book about friendship, music, politics and life on the edge. Linda Jaivin first met Taiwan pop star Hou Dejian in 1981 when she was a journalist in Hong Kong, and his song 'Heirs of the Dragon' had made him a superstar. They became great friends. In 1983 Hou defected to communist China, a stunning and bizarre move which shocked his friends and fans. In 1989 he was one of the last hunger-strikers on Tiananmen Square. When the tanks rolled in he helped save thousands of lives, and afterwards he wouldn't be silenced. In 1990, the authorities forced him back to Taiwan, where he became a celebrity fengshui master. From lighthearted absurdity to movingly rendered tragedy, and through the finely drawn character of Hou, bestselling author Linda Jaivin brilliantly reveals the personal and political tumult of a transforming China. 'Jaivin's writings on the '89 massacre rank amongst the fine pieces of reconstructive journalism.'

Customer Reviews

An extraordinarily well written history of a particular place and time in politics. A great and

informative read

Arrived quickly and matched the description of wear to my expectation. Good read too!

It's a good book for those who are interested in Hou DeJian, the songwriter of "Heirs of the Dragon" or "Descendants of the Dragon" and what happened at Tiananmen Square in 1989. However, it's written through the lens of the author who is juxtaposed in the narration with tangents that are unnecessary and tedious. It is mostly a quick read and highlights the singer/songwriter's exploits and the political hot water he gets himself in on both sides of the Taiwan Strait.
