Doll Values (Doll Values Antique To Modern)

Synopsis

Now published by Reverie Publishing, the twelfth edition of this highly respected price guide includes more than 7,000 values for antique, vintage and contemporary dolls, dating from the 17th century to those still being made today by manufacturers and artists. Linda Edward, author of three previous editions of the book, compiled the prices from a variety of sources, including auction house results, online auction results, dealers asking prices and dealers realized prices. The book features more than 450 color photos, as well as an extensive listing of Collector s Resources and indexes of symbols, molds and markings. Entries include historical and identification information, making this an indispensable guide to today s doll market for collectors and dealers alike. This book is also available in a spiral bound version.

Customer Reviews

This series is a great resource for anyone interested in collecting dolls. Lots of information packed in to a small space. Lovely photos. You still need some of the more specialized books if you really want to know the subject - but this is pretty handy. Wish a few of the folks who list dolls on-line would invest in one. You know the ones- "I found this at an estate sale and I don't know anything about dolls but it must be very old, rare and valuable. and its one of those junk bisques from china from the 1980's."

This is the most current book regarding this subject. Really helpful in determining market value for my antique dolls- helps with buying and selling. Also good for mass produced vintage and newly

produced dolls. I love the spiral notebook style which makes it easy to use.

I purchased this book for my mom because she has quite a lot of dolls and wanted to find the values of them. A lot of the dolls she has are not in this book. Or, they're in there but not the size she has. So, she still doesn't know the value of her dolls. I guess I should have gotten a different book. One that's more comprehensive.

The book arrived in excellent condition. Although there are only 1-2 doll pictures per page there is information on various dolls that may be helpful. I prefer more pictures of the dolls, which help to identify an actual doll I may have. Informative.

I'm always looking for information that will add more definition to my dolls. Helps in pricing Wish I could find a more recent source

This book had some good information in it but the print and pictures are very small so it is hard to check them with your dolls.

It is a good reference showing one author's perception of the current market. Pictures are good and the listing of sizes of dolls is helpful.

Information was OK. Not enough information for the large collection of dolls that we are trying to sell.
