BOUGHT BY THE BAD BOY: A Dark Mafia Romance

Synopsis

ANYTHING IN THIS WORLD CAN BE BOUGHT & EVEN AN ANGEL LIKE HER. My life is about control. I control myself: my body, my emotions, my little slice of the criminal underworld. But when I saw my little kitten on that stage, I lost all control. I knew one thing only: I had to have her, no matter the cost. I'm only here because I owe a man my life. He saved me from death's door years ago. In return, I do what needs to be done for him. This gig ain't for the lighthearted. Good thing I'm the farthest thing from that. I'm darkness, inside and out. This is just a job for me. At least, that's what I used to think. Until she took the stage. I don't know what brought her here. Frankly, I don't give a damn. Her past doesn't matter anymore. Neither does mine. All that matters is that I have her. All to my g*ddamn self. BOUGHT BY THE BAD BOY is a bad boy MC heist romance. It is filled with hot sex and exciting action, and comes with two FREE bonus novels for your enjoyment! (Note: These stories feature consenting adults in sexual situations.)

Customer Reviews

Just one click, i did. Blade aka Robert is part of an mc but he also works for the man thst saved his

life many years ago. If his mc knew he worked for Vald he would be out. While doing security for Vald he got a call that one of the girls was losing it. Maggie had the worst day after a fight with her ex she is on the street with only the cloths on her back. After a homeless man offers her his spot. She wakes up tied to a table. Robert asked why she was freaking out and she said she never agreed to do this. Now to find out what happens next in this incredible story your going to need to read the book. I recieved this book as an arc and i am giving my honest review voluntarily.

BLADE(Robert)/Maggie. Blade is apart of the M.C. Club The Marauders. He has been with them for years. Now they don't know what he does for Vlad the man that saved his life because if they did know matter what he has done or bought for them he would be out of the club know matter what..Now one night working for Vlad he was doing security as normal but he had this feeling that there was something wrong so when he got a frantic call over his ear peace they needed help that one of the girls was freaking out on the floor in front of the bidders he went running to find out what was going on. Now Maggie was having a bad night her x boyfriend (Axel) and her got into a bad fight and she ran out of the house with only her cloths on her back and a jacket so when she meet this homeless man on the street he was nice to her and gave her his blanket and told her to sleep over in a spot where she would not be bothered by anyone. Then Maggie wakes up she is tied to a table standing up without any cloths on when she looked around there other woman the same way she was thinking what the heck is going on so she started yelling and screaming and thrashing about the best she could being all tied up all of a sudden there was this biker guy standing in front of her asking all kinds of questions all she could think about was get me out of here. Drew talked to this young woman he calmed her down after that he asked her a few questions and she asked if she could leave and he looked at her and said don't you know where you are she said no I did not give my permission to be sold to anyone. He just looked at her he didn't know to believe her or not so at that point Maggie started thrashing her arms and legs to get loose again she did not want to be someone's Christmas play thing. Find out what happens if these two really become a couple and how much a difference they make and if Blade stays in the M.C. I really enjoyed the book I can't wait for the next. I voluntary read this book. C.

I volunteered to read this book. I loved it and read all of Zoey Parker's books. She is so amazing. This one is on the top of my list too. Maggie has a crazy ex who is selling drugs and beats her. She runs with nothing but the clothes on her back and ends up sleeping in an alley. She wakes up chained, naked and on auction for sex slave. Blade who is security and in the Marauder MC works

for a Russian mob boss selling girls on the side. His MC doesn't know because Vlad saves him when shot and he owes him. Maggie is making a fuss and they send him in. He sees her and wants her and to save her so he buys her and takes her home. Keeping her safe and fighting with ex. Can they make it thru or will they end up dead or sold? Must read book/

After having an awful fight with her drug peddling and abusive boyfriend, Maggie finds herself alone on the streets with just the clothes on her back. After falling asleep in an alley she wakes up to find herself tied, naked, and for sale as a sex slave. After she freaks and causes a ruckus, Blade who is the hired muscle in this underground human trafficking ring, is sent to quieten her down. One look and he is drawn to her, so he hands money over to get her out of this situation. Blade, who is a member of an MC that is strictly against human trafficking, is determined to help Maggie and keep her safe. What will happen when his MC finds out? Can they escape the danger they are in? This is a must read, you will not be disappointed. Once again this extremely talented author has given us an amazing story, and I was intrigued from the very beginning. This story is packed with action, suspense, and love. I cannot recommend Zoey's work enough, and she is one of my all time favourite authors. Outstanding work Zoey!!! voluntarily reviewed an advance copy of this book!

This was an amazing book. Blade is one of the good guys, even if he is big, scary looking and part of a motorcycle club. He works security for a Russian mob boss as a side job because he owes Vlad for saving his life. Even if he doesn't agree with Vlad about selling girls as sex slaves, he uses the money he gets paid for working security to buy things that are needed for his brothers in the MC and for their families. Then he meets Maggie, who has been set up by her ex to be part of the girls for sale. Her ex, Axel, wants to get rid of the MC, the Marauders, since they are the only real threat to moving up from being a small time thug and drug dealer to the main mob boss. There are many more twists and turns for you to discover in this book. I voluntarily read and reviewed an advanced reader copy of this book.

When Maggie fights with her boyfriend, Axel, and finds herself spending the night on the streets she figures things can't get any worse. Then she wakes up to find herself being sold off to the highest bidder. With no idea how she got to this auction or who may be buying her, she does what any normal woman would do...she freaks out! Blade has done his share of dark and dangerous deeds so being hired muscle for the Russian underground human trafficking ring doesn't bother him as much

as it should. But on the night that Maggie is up for auction everything changes. This story has as much action and suspense as it does sex, making it a very interesting read. I would highly recommend it because it's more than just an MC story or a damsel in distress book. I voluntarily received an ARC from the author.
