Love the calendar..and have already marked with all my goings on for 2017. I review local theater so need to have a calendar that allows space for me to write in datesÃfÂçÃ â ÑÃ Â|and this one works great. Plus, I have always admired Frida Kahlo.

What a beautiful calendar! Each artist is strongly inspired by Frida and emphasizes various aspects of Frida's work and character. I feel happy each time I pass by it on the wall.

I was looking for a poster by Frida but decided to get this calendar. I'm glad I did. I can take some of the pics and frame them. Very good QUALITY! I love it.

Love Frida, one month has an anime style---groan! It's not Frida's work but Frida homage. A lot of them are looking like Selma Hayek..

If you're a fan of Frida, you can't go wrong with this. Amazing renditions by talented artists. I have it on my wall at work and have gotten many, many compliments - even from people totally unfamiliar with Frida. One of my male co-workers fell madly in love with February's image because he said it looked 3-D.

I bought the 2016 version of this calendar last year and was so bummed when 2017 rolled around and I had to take it down. However, to my surprise and sheer delight, this 2017 version exists, and is just as gorgeous and incredible. As a Frida fan, I can't think of a better way to honor her life and work each day than to reflect on the re-interpretations and musings of people who are inspired by her as well.

Great pics. Shows the phases of the moons, US and Canadian legal holidays, and world's major religions.

Bought this for my daughter for Christmas- she loved it.
