The Chronicles Of Vladimir Tod Boxed Set (4 Books)

Synopsis

The *New York Times* bestselling series from Heather Brewer is now available in one box set! *Eighth Grade Bites* Thirteen-year-old Vladimir Tod really hates junior high. Bullies harass him, the principal is dogging him, and the girl he likes prefers his best friend. Oh, and Vlad has a secret: His mother was human, but his father was a vampire. With no idea of the extent of his powers, Vlad struggles daily with his blood cravings and his enlarged fangs. When a substitute teacher begins to question him a little too closely, Vlad worries his cover is about to be blown. Then he faces a much bigger problem: He's being hunted by a vampire killer. *Ninth Grade Slays* Freshman year stinks for Vlad. Bullies still harass him. The photographer from the school newspaper is tailing him. And failing his studies could be deadly. A trip to Siberia gives Vlad "study abroad" a whole new meaning as Vlad connects with other vampires and advances his mind-control abilities, but will he return home with the skills to recognize a vampire slayer when he sees one? *Tenth Grade Bleeds* It's another awful year at Bathory High for Vlad. The evil vampire Drablo is hunting for the ritual that could steal Vlad's powers. His best friend doesn't want to be his drudge anymore. And it's getting harder for Vlad to resist feeding on the people around him. When months go by with no word from Uncle Otis, and Drablo shows up demanding Vlad's father's journal, Vlad realizes having a normal high school year is the least of his concerns. Vlad needs to act fast, and even his status as the Pravus won't save him this time. *Eleventh Grade Burns* Eleventh grade at Bathory High is draining Vlad. Joss, a professional vampire slayer and Vlad's former friend, has moved back to town. The powerful vampire Dorian has an overwhelming desire to drink Vlad's blood. And his archenemy, Drablo, has brought Vlad's uncle Otis to trial for crimes against vampires. So much for dating. When the tables turn on Vlad, he has just enough time to return to Bathory for his final good-byes.

Customer Reviews

Heather Brewer was not your typical teen growing up. She wore black, danced under full moons, and devoured every book in sight. She hasn't changed much. Today, Heather can be found writing in her funky, black Happy Bunny jammie pants, dancing under a full moon, devouring every book in sight, and attending renaissance faire in full costume (and in character). When Heather's not writing, dressing up, dancing and reading, she's answering email, which she loves to get over at her website.

This is by far one of my most favorite series. It involves vampires (which hasn't been the way it used to be, thanks to Twilight), and pulls it off well. It also has your usual teen stuff in it, which is easy related to for me, being a teen myself. I'd recommend this series to anyone and everyone.

Son loved them...

The box set was in the described condition and no surprises. Shipping was timely and I quite enjoyed the books. I'd recommend the seller and also the series to anyone looking for a fun teen, vampire series (other than Twilight) lol.

Came in great shape!

This product met my expectations.

My daughter loves these books. To have found them in a set at such a wonderful price was great. She got them for Christmas last year and she read them all in about a month. She loves this series.

I bought this series for my 11 year old.. He is a good reader and reads above grad level but is choosy about what he likes to read. He loved this series more than Harry Potter or Animorphs. It really resonated with him. He likes the fact that the boy is a vampire and has to keep a secret. There is also lots of actions.

Great books, and a great order for the price. The actual box that contained the books was kind of roughed up, but I'm sure that was a shipping issue.
