Customer Reviews

This book is excellent! I am a very happy owner of a Ketogenic diet, but most recipes that I can find online are pretty standard. They also tend to get old and boring quickly. This book is comprehensive. It starts off with facts about health benefits of smoothies, goes on to explain the best way to make them you're your Ketogenic diet and finally it groups the recipes by their function and purpose, such as recipes for a healthy heart, detox, weight loss, healthy skin, and anti-ageing ones to name a few. I will try to make at least one recipe per day and see how it goes. First impressions on this book are great so far, and I am loving it already because the recipes are easy to follow, uncomplicated, and do not require obscure ingredients. The book isn't full of pictures, which makes it easier to focus on the text, instead of being distracted by images, no matter how delicious-looking they are. I would recommend this book to all Ketogenic diet fans. It's definitely a must-read! Highly Recommend
