Good broad spectrum coverage of essential topics

Solid book on International business. Much more economical than a school book store, and it arrived on time for my daughter's first assignments.

For the class it worked fine. Book was in good condition. Rental fee is nice and small! Not a book I would want outside of class though. Too wordy with kinda small print.

The book is comprehensive and works for my class, it's just the construction of the book is a bit funny. For such a pricy book, the cover was put on backwards and upside down. Does not impede me reading it, just gave me a bit of confusion when first opening it.

Of the textbooks I have used this is actually well written and easy to follow along. It is written in everyday English which is great for someone just learning the business world lingo.

Yes, I received an "A"! Thanks

New book, great!

Good. My school book store costs \$350, but i bought is for \$220. Good deal :)
