Customer Reviews

I very stupidly put the review for this book under Emily Woods. I apologize to Ms. Woods for that horrendous mistake. This set of books by Ms. Ashwood is very frustrating. Someone's needs to re-read anything she writes and edit it for (if nothing else) sentence structure, proper words and usage of these words. I read each and every book in this collection, but it took its toll on me to not just move on to another book and another author. I will avoid her writings from now on. SMDH

This was one of the best collections I have read; though it was one Author each of her stories had a difference, so far my favorite was the one with the older woman, that was a beautiful story also the Outlaw Bride, that was a really good story. 5 stars

Loved them all! Wonderful books, they took me back to a time of hardship, love, pain, growth. Get it! WooHoo! You won't regret it! Ivette Torres

5 stars
This is a wonderful collection of stories. I have read them all and I love them all. The stories are well written and the characters are well developed. I highly recommend this collection to anyone who enjoys a good story. 5 stars

I loved this value set. Usually when I get these box sets I lose my interest soon. This was not the case with this series. It was a definite value with Kindle unlimited.

A delightful set of stories of mail order brides in the old West. A wonderful way to spend several evenings, relaxing with a cup of coffee.

I enjoy the Short stories because I can finish one in a short period of time. There is also a variety of plots.

Love the stories

Not my kind of book. Outlaws robbing banks shooting US Marshalls between the eyes in a stagecoach robbery and that's just in two of these books. The problem is they go on with there happy ever after lives and are never punished. I don't think so!
