The Winona Laduke Chronicles: Stories From The Front Lines In The Battle For Environmental Justice

Synopsis

Chronicles is a major work, a collection of current, pressing and inspirational stories of Indigenous communities from the Canadian subarctic to the heart of Dine Bii Kaya, Navajo Nation. Chronicles is a book literally risen from the ashes--beginning in 2008 after her home burned to the ground--and collectively is an accounting of Winona's personal path of recovery, finding strength and resilience in the writing itself as well as in her work. Long awaited, Chronicles is a labour of love, a tribute to those who have passed on and those yet to arrive.

Customer Reviews

A two-time Green Party vice presidential candidate, author of five books of nonfiction, one children's book and a novel, Winona LaDuke is one of the world's most tireless and charismatic leaders on issues related to climate change, Indigenous and human rights, green and rural economies, grass-roots organizing and restoring local food systems over a career spanning nearly forty years of activism.

I really enjoyed reading this book. I learned a lot about native old and more recent history. Winona La Duke really is a very smart woman.
