Frommer's Munich & The Bavarian Alps (Frommer's Complete Guides)

Synopsis

You'll never fall into the tourist traps when you travel with Frommer's. It's like having a friend show you around, taking you to the places locals like best. Our expert authors have already gone everywhere you might go — they've done the legwork for you, and they're not afraid to tell it like it is, saving you time and money. No other series offers candid reviews of so many hotels and restaurants in all price ranges. Every Frommer's Travel Guide is up-to-date, with exact prices for everything, dozens of color maps, and exciting coverage of sports, shopping, and nightlife. You'd be lost without us! Come along with Frommer's and discover one of Europe's most charming and scenic regions, from the towering peaks of the Alps to the beer gardens of Munich. Frommer's Munich and The Bavarian Alps offers up-to-date coverage of all the highlights — music festivals, skiing, hiking, cafes, castles, alpine villages, spas, and more. Inside you'll find candid, detailed reviews of the very best dining and accommodations; accurate color maps; and insider tips on shopping. We offer a wealth of sightseeing, sports, strolls, and special moments — from highlights for the first-time visitor to off-the-beaten-track discoveries that will impress even the most seasoned traveler.

Customer Reviews

Experience a place the way the locals do. Enjoy the best it has to offer. Frommer's. The best trips start here. Insider tips on the best beer halls, walking tours, and mountain villages, plus details on Bavaria's alpine skiing and hiking trails. Outspoken opinions on what's worth your time and what's

not. Exact prices, so you can plan the perfect trip whatever your budget. Off-the-beaten-path experiences and undiscovered gems, plus new takes on top attractions.

As a team of veteran travel writers, Darwin Porter and Danforth Prince have produced numerous titles for Frommer's, including best-selling guides to Italy, France, the Caribbean, England, and Germany. Porter, a former bureau chief of the Miami Herald, is also a Hollywood biographer, his most recent releases entitled *The Secret Life of Humphrey Bogart* and *Katharine the Great*, the latter a close-up of the private life of the late Katharine Hepburn. Prince was formerly employed by the Paris bureau of the New York Times, and is today the president of Blood Moon Productions and other media-related firms.

Frommer's Munich and the Bavarian Alps: This book was so compelling that I had my husband read it aloud to me every night while I was taking a shower. I didn't want to miss a word. During the winter it made me dream of a summer vacation far from the heat of Tucson, Arizona in the shadow of the Alps Mountains. I imagined myself in Munich and Berchtesgaden. In Munich I was going to see the Residenz, the home of Bavaria's 700-year old royal family, the oldest in Europe, the Wittelsbachs. The archways where the appearance of all the towns of Bavaria has been preserved in paintings sounds fantastic. It's amazing how they survived the bombing of Munich during World War II. Now all I have to do is get there! Update: I got there all right in the summer of 2012. The Residenz was under construction that summer, but we drove up in front of it anyway and honked in case it might remember my winter dreams about it. Instead we went to the Hofbrauhaus and enjoyed ourselves thoroughly. It was right next to the Mandarin Oriental, a grand historic hotel. And my Alpine dreams were fulfilled by a visit to Berchtesgaden. We climbed up a 24 percent grade to reach the Obersalzberg. We ate at the Berggasthof and gazed out the big picture window. The Alps were so close that you could reach out and touch them. by Linda Cargill, author of *Key to Lawrence*

As someone who visited Munich and who is soon to relocate and start working there...I had to set the record straight about this book. Contrary to the one other review, this is a good book. The thing I like in general about Frommer's is that they present you with an itinerary; if you need to hit the 'must see places' then this is your book. Sure the must see places are all overrun by tourists...but some of them as we all know are a must. For example...Hofbrauhaus is where every visitor wants to go...but truth is no native Munchener hangs out there...all tourists. But ya gotta do it. When I went to Munich, I travelled with this book and Lonely Planet Munich...Lonely Planet doesn't provide you with a 'must

see places' list, but it is more detailed. Together they complemented each other perfectly. I recommend spending the extra money for the second book; in contrast with the amount you are spending on everything else during your whole trip...it's well worth it. As for the other reviewer's bad experience...Germany's service people (hotel staff, waiters etc) are typecast as being slow and having attitudes...waiters especially. And that info is actually in this book. Hope this helps. Have fun in Munchen.

love it . very good . Highly Recommend! send it to my grandmother, very fast, receive it next day.

Do not buy this book. It's awful. In most cases, the info is sparse or just wrong. Museums that are worth seeing aren't even mentioned. Other museum prices were no where near correct (thankfully less than the book indicated). Some of the biggest attractions get nothing more than a simple paragraph. One item I looked up in the index took me to a specific page. When going to that page, there's once sentence saying see page 174 instead, which was not listed in the index to begin with. Very little practical information. Want to know when the subway starts in the morning? Get a different book with real info. Want to know best approaches and economical ways to buy train tickets? Get a different book. Aside from a couple of the maps, this book was completely useless in most cases and went into the trash as I got on my last train to the airport. All in all, this book is garbage. Buy another one if you're going to Munich.

I usually travel with two or three travel books and at some point in my last trip to Munich I just threw away my other book. The Frommer's book had everything I needed in regards to seeing all the major attractions, and I ended up relying on it more than the other book I brought. I thought it was accurate and had great info. on restaurants and hotels.

The book highly recommended the 'Splendid' hotel. IT was the worse hotel I have stayed in, even for Europe. I have spent 2 months in budget hotels in Italy, and this hotel was worse than all of them. The windows overlook a tram, which sounds like an earthquake or a plane landing on the roof. No insulation, the windows must be a hundred years old. The bathroom fixtures were broken. When I was checking out, their modem did not work. They held my credit cards hostage for 30 minutes while a taxi meter was running. The red headed women manager never apologized due to their incompetence. The stay at the hotel was terrible.
