How To Be A Werewolf: The Claws-on Guide For The Modern Lycanthrope

Synopsis

Celebrate your inner beast and harness that newfound animal magnetism! with this essential guide to the lycanthropic lifestyle. Are you subject to savage moods, extreme and unexplained buffness, and cravings for meat on the rare side? Do you long for super speed and reflexes, along with rapid healing and maybe a talent for telepathy? Welcome to the pack and get ready to howl as you sink your claws into this guide to everything life as a werewolf has to offer. Among its abundant fur-raising topics: A look at good, bad, and ugly transformation styles, including an answer to the question of what happens to your clothes. A quiz to determine if you're a menace to society, and tips on taking precautions. Planning your social schedule around the lunar calendar. Dating hints, from the risks and rewards of cross-species romance to avoiding your sweetheart's family pet. Killer fashion suggestions, from urban (leather and hardware) to a cute and foxy kitsune look. Ideas, decorations, and recipes for a full-moon party. Tales of real-life werewolves, plus lore and legends from around the world. Juicy reading material and gems of the silver screen

Serena Valentino is the author of *How to Be a Zombie*, as well as the *Nightmares & Fairy Tales* and *GloomCookie* comic book series. She lives in San Francisco.

I was no spring chicken when I first came across these set of books when I bought How to Be a Vampire. But when I found the How to Be a Zombie book and found out this one also was out there, I knew I had to complete the set. And, thanks to , I not only got myself a copy to read and enjoy, but the pricing was a lot better than what my local bookstore offered. Of course it had some minor shelf ware, but it was nothing major, making it well worth the price.

I originally bought 'howl: Everything the modern werewolf needs to know' and i got this thinking it would be different. it is the exact same book just a different title. kind of annoying but this is a hard copy and was under \$10 so its not too bad, at least i can give the other copy away or something. its a good book, but if you already got 'Howl' by this author don't waste your cash getting this unless u need a hard cover copy.

The book has different references of werewolf movies and inculdes a list of other shapeshifters like werecrows and werecats. This book help me learn more about werewolves such as how they keep express their inner wolf and how to contain it. There's new information in this book that I don't see often on other lycans sites.

This is a very well dune reference book for werewolf fans. I also really love how it talks about Louisiana Myths.

It was a gift

It blends all the werewolf lore into one easy to read and well illustrated and with a little fun throw in.

I love this book it was awesome. It talks about all different types of weres it even talks about what kind of den you should have as a wolf. Awsome book overall.

It's a fun read with some basic information. Not a scholarly work but worth the price for some wholesome reading entertainment.
