Pre-Slavery Christianity: It Was Never The White Man's Religion

Synopsis

So you've probably heard that the Bible is "the white man's religion", well, that's not exactly true. It's a blatantly false statement that has been embraced by uninformed people of all colors for far too long. The Bible is in fact an Afrocentric book and belief system, and I dare you to prove me wrong. This guide was created specifically to address the following false beliefs circulating about Christianity: Europeans introduced Christianity to black people (False). The Bible is a European invention (false). Christians worship a white God (false). I challenge anyone of any color to read this guide in its entirety, check every verse, check every reference, analyze the information HONESTLY and OBJECTIVELY, and then tell me that the Bible is of European origin. If you can't do it, all I ask is that you leave a 5 star review for this book.

Very informative I will be looking for more from Dante and his views are biblical and unbiased. Someone who still respects the truth of Gods word.

I like that his writing is clear, his style is understandable and best of all he always gives evidence! I have a few books on my kindle for reference- my suggestion is to read all his books!

Full of evidence and scriptures to back up what the truth is just accept it the Bible was written by black Hebrews and there descendent are still in Africa and the America Deut 28

Since my "awakening" in 2010, I have done copius studying and Minister Fortson is right on with all that I have found. His book scratches the surface of what is to be found out once your eyes have been opened.

I really enjoyed this information. It was very informative and shared the truth that very few people were taught or are aware of. Hidden truths for sure!

This read was so fill with intellectual light, I was relieved of the darkness of ignorance. We as a people have surely been misled and cultivated to complete confusion regarding our identity. If your intent was inflame my desire for more, mission accomplished. A stellar read!!

Just finished reading via Kindle. Excellent! And, to the point. Short yet detailed.

Excellent book, should be read by every one.
