Brazil's Dance With The Devil (Updated Olympics Edition): The World Cup, The Olympics, And The Fight For Democracy

Synopsis

"People think speaking truth to power is easy, but if it was easy everyone would do it. This book does it. . . . It speaks truth to the powers that be, from Brazil to the US to FIFA to the IOC. It hits you like an uppercut that rattles your brain and sets it straight. I cannot recommend this book highly enough." — John Carlos, 1968 Olympic medalist

The people of Brazil celebrated when they learned that in the space of two years their country would host the world's two largest sporting events: the World Cup in 2014 and the Olympics in 2016. Now they are protesting in numbers the country hasn't seen in decades. Dave Zirin relies on fieldwork from the most dangerous corners of Rio to the halls of power in Washington, DC, exposing how sports and politics have collided in spectacular fashion. One of the Boston Globe's "Best Sports Books of 2014," this edition has been newly updated to assess the final tally of debt and displacement that accompanied the 2014 World Cup, eyewitness accounts of the militarized police crackdown, and new reporting on the pre-Olympic plans furthering immiseration in cities across Brazil. Dave Zirin is sports correspondent for the *Nation* magazine and the author of nine books on the intersection of sports and politics. Named one of *UTNE Reader's* "50 Visionaries Who Are Changing Our World," Zirin is a frequent guest on MSNBC, ESPN, and Democracy Now! He also hosts his own weekly Sirius XM show, *Edge of Sports Radio*.

"Brother Dave Zirin is the finest, most important writer on sports and politics in America." — Dr. Cornel West

Dave Zirin: Dave Zirin, The Nation's sports correspondent, is the author, most recently, of *Game Over: How Politics Has Turned the Sports World Upside Down*. Named one of *UTNE Reader's* 50 Visionaries Who Are Changing Our World, Zirin is a frequent guest on MSNBC, ESPN and Democracy Now! He also hosts his own weekly Sirius XM show, *Edge of Sports Radio*.

Love the new material about Zika and Brazil's political crisis. A must read and a dizzying account, stuffed with facts, history, stories, and on the ground reporting.

Great! It was an idea for a gift and it was a good one!

Finishing this book has left me a bit confused. Is it left to a sports writer to investigate the corruption surrounding not only the World Cup and the 2016 Olympics in Brazil, but also the history of corruption in the country as well as the Zika virus? And who knew that The Nation had a sports writer? I do not know how versed the author was in Brazil before he visited in 2012. Had he ever been there? How often has he been there? At least twice, I gather from the book. Has he studied Brazilian history? When, where? Does he speak Portuguese? I am sounding picky, so I had better hurry to say that this is a good book. Dave Zirin does hit the nail(s) on the head and gets to the root of the problems and shows an admiration for everyday Brazilians and their country. The scandal of a government turning its back on its people, stealing from them, and forcibly undoing much of what the country has worked is astounding. Brazilians have been so misled and abused. Yet the status quo hardly seems interrupted despite the indictments of some powerful politicians. The Olympics were largely a success, so now what? The answer is not in this book, although one can draw many possibilities from it. I don't think the author was the best candidate to write about Brazil politics and corruption. But since authors are not rushing to do so, he did a darn fine job in their place.

It's the perfect book to have sitting next to you (read it on commercials) during the Olympics. Dave Zirin brilliantly describes how neoliberalism collides with the World Cup & the Olympics. An apt analogy is drawn between the "Shock Doctrine" & the economic shock to countries (or cities) which host large sporting events like the Olympics. People are so taken in with the spectacle of sport that they miss the destruction of housing, attacks on the poor, deaths in constructing otherwise unusable stadiums and buildings, massive increase in police & security surveillance, and the building of

infrastructure which is rendered obsolete the day after the games end. Watch the Olympics - and
