A great little book to stick in my pocket or backpack if I don't want to carry the larger Guide to the Birds of Alaska.

I have collected these Folding Pocket Guide where ever I go across the country. I got and knew what I was getting.

Not a lot of birds on this. Would have been better off with a field guide.

Great little field manual excellent photographs great on breaking things down by region

Handy guide to keep in your pocket. A good quick summary

Just what I wanted, Thank you so much

Very helpful and lightweight for air travel.

Very helpful but don't forget to pack it in your day bag!
