Meet Sarah Wainwright, she lost her husband, just a week shy of their first anniversary in an accident at the glass factory in downtown Pittsburgh. She was once a happy and contented wife, but now here she is. A twenty-year-old widow, a baby on the way, with no prospects and no income. She felt shattered and broken beyond repair. Far from home with no way to support herself, no relatives to ask for help. She felt hopeless until she saw an ad for mail-order bride. What kind of man had she agreed to marry? Could she count on Joshua to accept her child, even though it wasn't his? Could she possibly allow herself to love someone she barely knew when Zebulon had been everything she had ever wanted? Get ready to join Sarah's journey to the West. You'll get to know Zebulon, her deceased husband who had wonderful sense of humor, always joking around and making her laugh back then. Millie Hansen, Sarah's neighbor and best friend, who stood by her during her darkest times. And Joshua Mayfair, a former bounty hunter now a farmer, who she perceived fierce and intimidating at first....."a story of hope, fear, romance, suspense and true love."....While this book is part of a romance series, it can definitely be read as a standalone book. Customer Reviews

I read Mail Order Brice books because they are short, clean and usually have an uplifting trend to them. They are not overly exciting or suspenseful, but just nice ordinary tales of how some women solved an otherwise difficult situation. I appreciate the lack of vulgar language and long depictions of love making, which is prevalent in many "romance" stories. These tell of love and not just lust.

Thank you for that!!

Thank you for your fantastic , well written story. I really enjoyed every minute of it. it broke my heart and then made it all better. I will keep reading your books.

This was an amazing story of love previous and found. I have enjoyed each and every story I have read by this author.

I really loved reading this book .

I really enjoyed this clean Inspirational Historical Western Romance. I voluntarily chose to review it. I've given it a 5* rating. Have your tissues ready, for this emotional ride with this bride. She's strong but when you are struck down, frequently, it takes its toll. I liked the hero too. This was book 18 of the series. So It's on to the next.

This was a special story about people losing their family and having to start over. The Bride lost had lost her husband then moved set to marry in order to care for her unborn child. The events that took place will keep you interested from beginning to end before putting it down. A must read for those who enjoy historical western romance kindle books from at a special price and from a special author who keeps me entertained throughout the entire book.

Sarah is a widow and expecting. With no means of support Sarah must marry. She knows her only hope is to become a mail order bride. Can Sarah marry a stranger?

Sarah Wainright buried her husband Zebulon and was so uncertain of her future and the baby she carried. She had to do something fast in order to survive and protect her child. She answered an ad from Joshua Mayfair in South Dakota. He is a very different man than Zebulon was he did not smile and he had a neatly trimmed beard and a mustache and was muscular compared to her dead husband. I think you will enjoy this story as much as I did.
