## Customer Reviews

These stories use different voices for the characters so it is kind of like hearing a play. Great stories that are fun to listen to, are exciting and teach moral lessons. Our family - kids AND adults - enjoy listening to them.

I have a daughter-in-law that heard a few of these stories after learning her husband(our son) grew up on them. She fell in love with them. So to be honest we listen to them while we are working in the office of our family business. They are very entertaining even as an adult. Some day they will be handed down to the grand children. They are all timeless and very well done. We will continue to order more volumes in the future.

We LOVE adventures in Odyssey. These episodes all seemed very appropriate from my kids at ages 4, 6, and 8. They will love them for several years more as well.

This is a wonderful album!NOTE: "The Vow" may need Parents to hear it with their children - it's about a daughter who misunderstands and thinks her parents are getting a divorce because they had an argument. \*\*\*But they aren't!! I would sit in front of our radio and listen to AIO on Saturday Mornings! I remember most of these Episodes.

It is a recorded version...not a book.

Love AIO. Always fantastic.

Gave this as a gift to my grandchildren. They range in age from two years old to ten years old. They all love to listen to this series while they're in the car. Wonderful life lessons and solid spiritual foundations.

Very good except some of the topics were a little mature for my little ones.
