# Visit From A Stranger: A Stand-alone Sequel To "The Elusive Footprint".

## **Synopsis**

Although "Visit From A Stranger" continues where "The Elusive Footprint" leaves off, it is written as a stand-alone novel. After recovering from the physical and mental scars of the attempt on his life, Nick Ward travels to Spain. He opens a restaurant in Torremolinos and buys a home to share with his new love, Pedro. While Pedro is away at work, Nick travels to Italy for a few days to visit with Enzo, an online friend. Upon his return, some aspects of the visit keep bothering Nick and his friend doesn't reply to his messages. Then Nick receives an alarming email from Enzo, asking Nick to help him. Nick and Pedro head to Italy to help Enzo, unaware of the danger that awaits them. Winters blends sensual romance and passion with a suspenseful European adventure.

## **Book Information**

Paperback: 310 pages

Publisher: CreateSpace Independent Publishing Platform (July 7, 2015)

## **Customer Reviews**

This book by Kevin Winters is the 3rd book with some of the same characters found from the other 2 books. If you have not read the previous books by Kevin Winters, it stands on its own but in my opinion, you missed a lot if you have not read them as you will get a better understanding of where the characters are going because from where they began. Nick and Pedro's new adventures kept me on the edge of my seat and even had me laughing out loud as I was visualizing them at the part when they are running in the hotel. When 3 friends are in their hotel room, the writing is so spectacular that you almost feel like you are watching the interaction between all of them. That is just how great Kevin writes. He pulls you right in and making you feel like you part of the story as well. The story, the intrigue, the characters are just great and would make a great movie. The story takes place in Italy and Kevin treats the country, the setting as important as the characters in this

new mystery. Great writing and looking forward to the next book by Kevin Winters,

Even though I did not purchase the book through , I wanted to point out here that it was a good read, from start to finish. I had the privilege of reading the two books written prior to this one, and I enjoyed this one just as much. In this book, there were a couple of new characters introduced, who I thought fit in very well with the recurring characters. This time around, the change in setting to a European one added to the adventure. I won't give a lot away, but I will say there was a pretty good mix of suspense, adventure, and sexual exploration in the book, for those who like a book with variety. The ending was definitely climatic. In this part, I found myself on the edge of my seat. I love a good book, and this was a very nice read and I look forward to the author's next novel.
