SAT Subject Test : Latin (SAT PSAT ACT (College Admission) Prep)

Synopsis

Taking the Latin SAT Subject Test? Score Higher with REA's Test Prep for the SAT Subject Test: Latin Written by a Latin teacher, this second edition of our bestselling SAT Subject Test: Latin test prep includes a comprehensive review of all language areas appearing on the exam, including declensions, conjugations, sentence structure, and more. Each chapter contains examples and practice questions that help you study smarter and boost your test score. The book includes two full-length practice tests that replicate the exam's question format. Both of the book's practice exams are also offered as a downloadable application and feature the added benefits of timed testing, automatic scoring and diagnostic feedback. Detailed explanations of answers help you identify your strengths and weaknesses. We don't just say which answers are right - we also explain why the other answer choices are incorrect - so you'll be prepared. The book also includes study tips, strategies, and confidence-boosting advice you need for test day. This test prep is a must for any high school student taking the Latin SAT Subject Test!

SAT LATIN SUBJECT TEST Everything you need for a high score! The Most Complete SAT Latin Subject Review Everything you need to know for the SAT Latin Subject Test, presented by a seasoned high school teacher with more than 32 years of classroom experience. The Best SAT

Latin Practice Exams Available2 tests based on official SAT Latin Subject Test questions released by the College Board. The tests are balanced to include every SAT Latin topic and type of question you can expect on the actual exam. Available in the book and as a download with the added benefits of timed testing, automatic scoring, and diagnostic feedback. Total Explanations of SAT Latin Questions & Answers Each SAT Latin practice test comes with detailed feedback on every question. We don't just say which answers are right but explain why the others are wrong, so you'll be prepared for the SAT Latin Subject Test.

Ronald B. Palma has been teaching Latin and other classics courses at Holland Hall School in Tulsa, Oklahoma, for the past 32 years. He holds an A.B. in Classics from Cornell University and an M.A. in Classics from the University of Cincinnati, where he did doctoral work funded by a Louise Taft Semple Fellowship. He has co-authored *Ecce Romani: A Latin Reading Program* (Prentice-Hall, 2005), now in its third edition, and served as series editor for *Review and Test Preparation Guide for the Beginning Student* and *Review and Test Preparation Guide for the Intermediate Student*, both published by Prentice-Hall. Palma has received numerous fellowships and awards for both teaching and scholarship, including Rockefeller and Fulbright grants, the Summer Fellowship of the Classical Society of the American Academy in Rome, a Presidential Scholar Award from the U.S. Department of Education, a Special Recognition Award from the College Board, and the Excellence in Pre-Collegiate Teaching Award from the American Philological Association.

to be honest, let me start this review by saying that I am not quite sure exactly HOW helpful this book is for the test, as it is because of this book that I didn't take the test. I only took one practice test and did badly on here to know that I was not ready to take a real subject test on this and accept below 500 as my score. The book seems to have good, comprehensive, and complete coverage of the various items involved on the test and display this knowledge well. Seems very detailed overall, which is helpful for the test (so I assume). However, there are a few places where this book falls short. First, the software is only compatible with a Windows computer, so if you plan to use it and have a Mac, you may want to reconsider. Also, there are only two practice tests in this book, which seems very inadequate, especially given the lack of other source material on this test. Despite the difficulty associated with making practice out of something unknown, other publishers have managed to do so with other tests from the CollegeBoard, and I would therefore expect the same from this publisher. So overall, good review, but lacking in actual practice for the test.

This is a good study guide if you are looking for something both condensed and comprehensive, and are running short on time. I would highly recommend crash course for a quick review book!

This is so nice I love this one

Great book. My son had not taken Latin in 2 years and after reviewing the book cover to cover got a 700 on the SAT II , enough to opt out of the language requirement

I studied this book for a few weeks before taking the Latin SAT Subject Test, and I think it helped my score. I highly recommend it!

This book was helpful in getting a very good score on the test.

Why did the publisher not include a CD that plays on both Mac and Windows? I bought this book to have more grammar review and practice tests for my students. The explanations of answers section addresses the logic of determining the correct answer. I would like to see more of this in future editions. Do not purchase the other Latin practice guide (Rudman), which is an outdated flawed product with numerous errors.

This book is typical of many test-prep books: designed to look comprehensive and helpful, when in reality it is neither. At over 600 pages and about 2" thick, you'd think this were a one-stop-shopping Latin prep book. Of course, the publisher uses cheap, pulpy paper and dozens of filler pages (maybe to prepare you for the SAT's "this page is intentionally left blank" motif?) to bulk it up. The CD included is a PC-only electronic walk-through of the two practice tests already printed in the book. I suppose it's helpful if the student would rather sit at a PC than use a pencil. It has no other value. The content of the book reviews each grammatical topic and follows it with SAT-II style questions for practice. The Dative, Gerunds & Gerundives, The Subjunctive, etc. There are a few handy sections like "ways to express purpose" which are helpful for the Syntax Substitution portion of the exam. Students do value having these very different constructions lined up side-by-side, seeing how they express the same thing in different syntactical ways. The vocabulary choice is curious; it doesn't line up clearly with any commonly used high school textbook series, nor does the author assert that it is derived from known SAT-II usage. Translation passages are limited. The

volume is little improvement over the prior edition and fixes few of the typos. Since this is All There Is specifically designed for Latin SAT-II prep, it's better than nothing.
