My 6 year old daughter loved this Advent calendar. She loved all the cute animals and that it was glittery. She was very excited to open the extra large window on Christmas Eve. My only complaint was that the cardboard back came off this calendar (like it didn't get glued properly.) It didn't affect the use of the calendar, just made it a little thin. It would have been easy enough to glue it back on had I gotten to it before it found it's way into our recycling. :)

My grand daughter wanted an Adven Calendar and it looked like a good one so I ordered it. I did not see it in person since I had it sent directly to her house. She said she liked it but would have preferred one that had surprises under each door. (Like a treat or a small ornament)

The overall design of this advent calendar is very cute! I love animals & advent calendars & this fanciful picture was very persuasive.

This is a very traditional, non-candy (woo hoo) advent calendar. It is sparkly and has delightful little critters in a snowy scene. It had interest of our young granddaughters because the detail is so rich.

I have had Advent Calendars for over 60 years. This one is as good or better than any I have had. Nice graphics.

Nice little calendar, the downfall is the images hidden aren't the best and they ruin the really nice woodland picture.

My two year old grandson loves his Advent Calendar. His mom says it is helping understand that something wonderful is coming and he loves seeing a new animal every day.

I always had an Advent Calendar for my children when they were growing up and now I am starting the same tradition for my grandchildren. The calendar arrived in perfect shape and the quality was excellent. It has that old fashioned look and just what I wanted. I am very pleased with my selection and will definitely order another one next year.
