Customer Reviews

Grade 6 Up-This inspiring biography of the highly regarded American musician is easy to follow and interestingly written. Copious black-and-white photos of those who influenced the man complement the story. A comprehensive time line of Bernstein's life and information about becoming a conductor or a composer are appended. There are three lists of further reading that give books, Web sites, and related places to contact or visit: one for learning more about conductors, another about composers, and one about Bernstein. Susan Shaver, Hemingford Public Schools, NE Copyright 2001 Reed Business Information, Inc.

"This interesting combination of biography and career guide should have strong appeal for students." - School Library Journal; "Recommended." - The Book Report
