Golf My Own Damn Way: A Real Guy's Guide To Chopping Ten Strokes Off Your Score

Synopsis

If you know anything at all about John Daly—â•and if you don't, what in the hell are you doing with this book in your hands?—â•you know he approaches the game of golf from an, uh, slightly different perspective than your average two-time major winner. How different? Well, for starters, Long John thinks the PGA Tour ought to permit Bermuda shorts, make carts mandatory, let him wear his hair down to his butt if he wants to, and strip-search tournament patrons at the entrance gate to keep cameras and cell phones off the course. In *Golf My Own Damn Way*, you'll take a virtual ride on Big John's magic bus as he tells you the best way to grip it so you can rip it. Looking for a sure cure to bunkerphobia? It's here. A one-hour golf lesson that's 100 percent guaranteed to make you a better golfer? Ditto. Want to know why you should occasionally leave your big dog in your trunk, how to watch your weight, and what golf and sex have in common? You came to the right book. And while he's busy explaining all these and many other things, Daly also tells you why you should keep your head out of the game, let your belly lead your hands, listen to your right foot, check your ball position—â•and buy a hybrid (the club, not the car). Following in the spike prints of his 2006 bestselling autobiography, *My Life In and Out of the Rough*, *Golf My Own Damn Way* is an off-the-wall and intensely personal yet imminently practical and accessible tip sheet on how to cut ten strokes off your score—â•now. Two things are certain: you've never seen a golf instructional book quite like this one, and you'll never need another one. Fairways and greens, Pard!

Customer Reviews

John Daly is one of the most popular professional golfers in the world today. Celebrated for his towering tee shots, Daly has won the PGA's Driving Distance Crown a record-setting eleven times. He was named the 1990 PGA Tour Rookie of the Year and went on to win the PGA Championship the following year and the British Open in 1995. He is the author of the New York Times bestselling autobiography *My Life In and Out of the Rough: The Truth Behind All That Bull**** You Think You Know About Me*.

Ãƒ™Golf and sex are about the only two things you can have fun doing without being any good at.Ãƒœ PGA champion golfer John Daly opens his Ãƒ™how toÃƒœ book with this quote from the legendary golfer Jimmy Demaret. It sets the tone for this handy and humorous look at a beloved national pastime. William Dufris slips easily into DalyÃƒ¢s shoes and vernacular, hoists DalyÃƒ¢s bag of balls and tips, and seems to slide into the golf cart. His tone is that of a good old boy and great golfing buddy who advises listeners on banana slices, ripping grips, and drivers, as well as crusades for Bermuda shorts on the PGA tour and a strip-search ban on cell phones and cameras on the course. This is a must for golfers--and for anyone who enjoys hilarity. M.T.B.

there are better books out there, Daly does give a few good pointers here and there. such as the grip it and rip it, or learn from hitting stop thinking on it- and try using thing like chippers(new tech) it can elevate the game sometimes. I got more from Varden, Snead, and Hogan books.

Knowing I had followed the career of Daly before he became something of a train wreck. a good friend recommended I buy this book. Sensing reluctance he promised to pay for it if I was disappointed. When I flipped it open it was not at all what I expected. Folks, what John Daly has here is, essentially, not only golf his damn way, but a respectful knock-off of Harvey Penick's Little Red Book. Daly's tips and suggestions give evidence that beneath all the reckless buffoonery lies a talented player. Lots of good to very, very good tips and suggestions on how to approach and play the game. Pick up a copy and I'm betting you too will discover the unexpected.

I'm not a golfer. My husband however is and John Daly is his favorite golfer ever. I didn't read his books for any tips on how to play but rather for a look at John Daly's life. For that and that alone this book is awesome. I adore this as well as his other book and it makes me want to root for him to

(eventually please!) rebound and get back on his game!

This is a good book for golf lovers of nearly any skill level. The book has just the right amount of humor to make it a fun read, while still giving a lot of good advice, from preparation to completion of the round. Daly's writing style is enjoyable and his unique character shines through. I would recommend this book for any amateur golfer.

John Daly is a unique golfer who owns his swing.

interesting...

I liked it. He had some great tips. Unfortunately, he had to saturate the book with his screwed up life. Bob Blinn

great info
