Customer Reviews

Usually, in my experience, Mexican cookbooks have items hard to find, or instructions that need to be learned at a mother's knee to be good. Not here. Simple, fresh ingredients and easy to follow directions make this a cookbook I will use often. I have learned Encore books do not give any clue as to why the dish may be made, but I can look that up. The salads are particularly tasty sounding.

More like this, please!

Basic Mexican recipes Most easy to do. Most easy to products for.

Muchas gracias

Overall the books have great recipes. My only complaint is that sometimes ingredients are missing from the list and are mentioned in the recipe. Also, some ingredients are listed in metric without the equivalent in oz or cups. Keep them coming:)

The second sound yummy.

Great Kindle Read!!!
