I Know Who You Are, But What Am I?: A Partner's Perspective On Transgender Love

Synopsis

Transgender stories are appearing everywhere in the media today. Caitlin Jenner, Chaz Bono and Janet Mock offer many inspiring visions of the journey people take to bring their bodies in line with their gender identity. But what goes on behind the scenes of gender transitioning? What about the spouses and families who watch and support their transgender partners through these epic journeys? Rarely do we hear about their experiences of loving transgender people. With literary poise and timely humor Ali Sands delivers a riveting memoir of finding her way through a labyrinth of changing identity from married heterosexual woman to lesbian lover to queer femme. Sands lays her soul open to readers, leading them through an odyssey of raw human emotion, as she recounts the intimate details of loving and living with a transgender man. Her modern journey of courage and self-discovery easily trumps that of any Homeric hero.
