How To Make Your First \$1,000 With Stock Photography: And Become A Better Photographer

Synopsis

This easy-to-read guide will show you everything you need to know to sell your photos online and make your first \$1,000. In this eBook, you will discover

1. How to earn your first \$1,000 with microstock photography
How do you sell photos online? How long does it take to earn your first \$1,000? How many images do you need to start making money with stock photography? And what should you capture with your camera? This eBook has the answers.
2. Research, ideas & inspiration
What images sell online? How you can find new trends and discover the next best-selling stock photos.
3. Recommended photography gear
The eBook shows you which photography gear you need to succeed in stock photography: Which is the best DSLR camera for shooting stock? Which lenses should you buy and what studio equipment is a must have for every stock photographer?
4. Post processing your images for optimum sales
How to use the post processing software Lightroom to get the best out of your pictures and to maximize the sales of your photos on microstock sites.
5. The importance of key-wording your images
Learn how to keyword your images. Categorize and organize like a pro photographer. Optimizing this part of the workflow can make or break a newcomer stock photographer.
6. Legal aspects of stock photography
To sell images of people, you need to get model releases. This eBook explains what a model release is and other legal aspects of stock photography so you don't waste your time making pictures, which you can't sell later.
7. Getting accepted at the best stock photography sites
This eBook reveals the best stock photography sites like Shutterstock, iStockPhoto and Fotolia and shows you how you can get accepted as a contributor.
8. Bonus content: Smartphone stock photography
Did you know: You can now click pictures on the go with your mobile phone, submit them from an app and make money. This eBook uncovers the best apps for you.
9. Bonus content 2: Selling 4k video footage online
With most of the DSLR cameras, you can now make stunning footages. Stock Agencies pay top dollars for footage. This eBook shows you how to create videos with your DSLR camera.

About the Photographers
Stefan Holm Stefan is an accomplished stock photographer having over 4,000 images on Shutterstock.com. He now pays his rent in Sweden and buys new gear with his stock photography income. We will show you some of his best-performing images which have made him hundreds of dollars. Stefan reveals his camera gear and lenses which are ideal for stock photography.
Nikita Starichenko Nick shows you which images made him well over \$1,000. He is a successful stock photographer with some of his images having been downloaded well over 1,000 times and earning him more than \$1K each. Bonus Content: 5 of his top selling images with sales numbers and how he made them. Plus: Ten practical tips helping you to get started with your stock photography income!

Customer Reviews

I had to read this book because I wanted to know more about the attraction of Stock Photography to certain photographers and how it works. I was surprised at the complexity of this portion of the industry and how it involved more than just selling pictures to a random company. The book takes you through the steps to becoming a stock photographer, the legal aspects involved, the various stock companies, and the advantages and disadvantages. What I liked about this book was it gave the reader realistic expectations of income. No promises of exorbitant riches after you read the

book, but a guide to direct you in the right direction to make money, leaving the amount up to you.
