Customer Reviews

This book is a useful tool whether you are an avid collector of Coke or a novice. Not only does it price and display many unusual items, but it gives you a background into the history of Coke, which enriches ones appreciation for collecting. A must have for anyone collecting or thinking about collecting.

A very nice book that provides the value and information on over 1,800 items. Includes over 600 photos, mostly black and white, and over 100 full color sharp photos of vintage items, with some photos a full page in size. It covers memorabilia from blotters and chewing gum, to playing cards, signs, wallets and watch fobs. Some of these photos won't be found in any other book. Each category of collectible features a short history of that group. Fun to look at, and a useful addition to your collectibles library.
