If you want to learn to tat, I recommend buying this book and DVD. I had only minimal knowledge about tatting, and this book/dvd enabled me to catch on very quickly. I think the DVD makes all the difference - seeing the actual tatting performed step by step and being shown what to do with your hands and the thread is what helped me to finally get things right. The book has some great patterns for all levels. I highly recommend this book/DVD.

I am a beginner and the book lost me in some areas. Some of the instructions were incomplete. Snd the Daffofil Doily pattern had errors too. Round 1 says there are total 7 rings.... What do I do after ring 7? I only have 6 chains... What do I do next. After ring 7 it jumps to round 2. It doesnt tell you how to end each round. Cut and tie? Split chain? May be good instructions but get your patterns someplace else.

Hands down! The best instructions that I have encountered yet (and I own 6 tatting books and

watched many videos). The DVD and book instructions both start from how to wind the bobbin. Great for a true beginner. I didn't know anything about tatting. I don't know anyone who knows how to tat. I've never actually seen anyone tat before (except for some other not so helpful videos). Yet, in two days I am now making Double Stitches, Rings, Decorative Picots, "Functional" (attaching) Picots and Chains AND reading patterns! I couldn't be happier with this DVD and book.

The instructions are easy to follow and the photos were clear. I got the kindle book so no video which would have been very nice and helpful. I am still trying to figure out what "frazzle the shuttle thread" means

Good information

Bought this book to help teach someone to tat. Printed materials are good but when I loaded the DVD it would not play. Very disappointed!

I love this book. It has been very helpful in learning to tat. I love the pictures and easy to follow patterns. It is a must have for every beginning tatter!

I am a new tatter and found this book left out lots of info needed to complete a project. Also there are errors in the Daffodil Doily pattern and I have not been able to find corrections from the author... only from other bloggers. Wish I had my money back.
